

## Notice of manhole works East of Euston Station on Eversholt Street

High Speed Two (HS2) is the new high speed railway for Britain. Mace Dragados is the Construction Partner building the new HS2 station in Euston.

In line with direction from Government, we will not proceed with the full construction of Euston station in the next two years. We will use this time to look again at the Euston station design to ensure that it is affordable and delivers for the local community and passengers.

Whilst most work on the station site will stop, some critical activities will continue. This includes work to complete the Interim Taxi Rank in Euston Square Gardens East.

### Traffic management on Eversholt Street

#### What are we doing?

We wrote to you in March 2023 about work to the east of the station to install new traffic signals in Eversholt Street for the Interim Taxi Rank and bus station. (Reference number: HS2-MW-MD-Ph1-Eu- St-S3-Prog-Works-3-03/03/2023.)

We need to access the manholes that house the TfL traffic signal equipment on Eversholt Street.

#### When will these works take place?

From 2 May to mid May. This will include night-time works on 2<sup>nd</sup> May and 3<sup>rd</sup> May from 9.30 pm to 3.00 am to replace the cables in the manhole in front of the entrance to Mercury Court.

#### What to expect

These works are not expected to be noisy. We will maintain access for residents to Mercury Court and to the Travelodge Hotel throughout these works.

To carry out these works safely, we will need to introduce a southbound single lane temporary traffic management on Eversholt Street and have in place a footpath diversion between Wellesley Place and Grafton Place for the duration of these works.

#### Duration of works

- From 2 May to mid May 2023

#### Working hours

- 8am to 6pm weekdays
- Night time works 2 May and 3 May from 9.30 pm to 3.00 am
- Saturdays 8am to 1pm

#### What to expect:

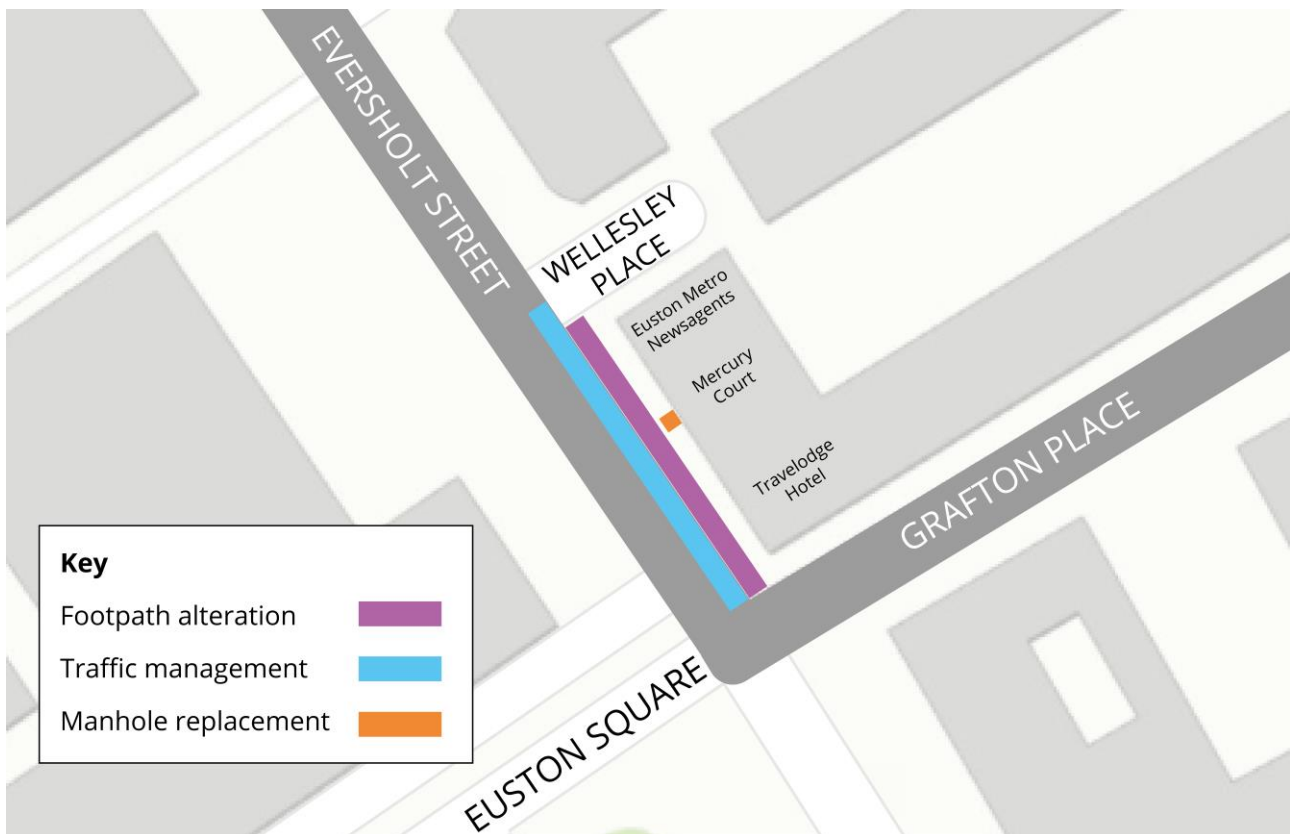

- Traffic management
- Traffic delays
- Footpath alterations

#### What we will do to reduce the impact:

- We will take measures to reduce noise and dust

## Eversholt Street service access manhole works

We recognise that construction work can be disruptive to those living or working nearby. The nature of our work often means some disturbance is unavoidable, but every effort is made to minimise any unnecessary noise. We will closely monitor all noise, vibration, and dust levels to ensure we do not exceed our agreed limits.

### What other works are taking place in the area?

During May, Grafton Place will need to be operated on a one-way traffic route, diverting the westbound traffic for two weeks, while we carry out traffic signal upgrading on behalf of TfL.

We informed you about these works in our previous update (HS2-MW-MD-Ph1-Eu- St-S3-Prog-Works-3-03/03/2023).
