

Notice of footway closure, Station Road, Quainton

April 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In May 2023, we will be temporarily closing a section of the footway along Station Road while we make preparations to join it to the new Station Road realignment. These works will include the careful removal of some vegetation where the junction between the two roads will be built.

Prior to any vegetation removal, an ecologist will complete a detailed survey of the area to be cleared. Any protected species found to be present will be recorded and the vegetation will be left undisturbed with the appropriate buffer zone established. Vegetation clearance will only commence once further surveys and mitigation can be established to confirm that the protected species are no longer present.

This closure is necessary for safety reasons as our teams will be working on the footway.

When will these works take place?

A section of footway along Station Road will be closed from Monday 15 May until Friday 19 May 2023.

This section of Station Road will remain open to road traffic during these works.

These dates may be subject to change due to circumstances outside of our control, such as weather. Please refer to the HS2 website regularly to check for any changes or updates.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
