

Notice of night time closure of Moorhall Road for temporary lane narrowing

April 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We will be narrowing the lanes on Moorhall Road to support the construction of the Colne Valley Viaduct over the road.

Night time closure of Moorhall Road

We will be constructing the section of the Colne Valley Viaduct over Moorhall Road in late summer 2023. Before we do so we need to prepare the road and working areas on either side of the crossing point.

To provide space for these works we will need to temporarily narrow the carriageway on both sides of Moorhall Road. To do this we will close Moorhall Road in the early hours of Monday 17 April 2023 between the River Garden public house and the junction with Link Way/ Savay Lane whilst operatives work in the highway. The closure will take place from 12.15am on the morning of Monday 17 April 2023, after the last bus on route 331 has passed through. The road will reopen again at 5am.

The lane narrowing is expected to be in place on Moorhall Road until late autumn this year, after the viaduct crossing has been completed. Moorhall Road will be reinstated to its normal width at this time.

The map of the closure area is on page two. There will be signage on approach to each end of the closure points, with access maintained for local residents and businesses. Emergency services will be allowed through the road closure, as required.

The diversion route for these works is on page three.
