

# Notice of surveys on the A51, Great Haywood

April 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Kier is carrying out surveys and investigating ground conditions along the Phase 2a route.

## What we are doing

We are continuing to develop designs for junction improvement to support traffic flow. For reasons beyond our control, we need to return and carry out a small section of ground investigation we were unable to complete in December 2022. This will provide us with samples and allow us to view the structure and record the layout of land.

To carry out this work safely we will use temporary traffic lights on the A51 near Great Haywood. The traffic management will only be required when our work is being carried out otherwise the road will remain open, and the traffic management will be removed from site.

## When the work will take place

**Wednesday 3 May between 9am and 4pm** we will complete further topographic and ground investigation surveys. We will also need to use traffic lights from **Tuesday 30 May to Friday 2 June overnight between 9pm and 6am**. Please note that all our planned roadworks may be subject to change due to weather conditions or unforeseen circumstances.

## How will this affect you

During the work we are expecting minimal delays along the A51.

As part of the work, we will use machinery and equipment that may generate some noise throughout our time on site. We will work to reduce the impact on properties. We recognise this may be frustrating, but this is the safest and least disruptive way of completing our survey work.

## How we will minimise disruption

We'll reduce the impact on the A51 by utilising temporary traffic lights. We will also maintain access for properties within the traffic management area. Please be patient while we secure the work area to guide users in and out safely. We'll also ensure the following:

- Switch off vehicle engines when not in use.
- Obtain permission from Staffordshire County Council to avoid clashes with other roadworks in the area to prevent delays.
- Restore work areas to their original condition and work hard to complete the work safely and as quickly as possible.

## About our Community and Business Funds

Two funds are now open for applications from local communities and businesses affected by the construction of HS2. They are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF). £5 million has been allocated to the funds for phase 2a of the railway.

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

# Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

## The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at [www.gov.uk/government/collections/hs2-ltd-residents-commissioner](http://www.gov.uk/government/collections/hs2-ltd-residents-commissioner)

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: [residentscommissioner@hs2.org.uk](mailto:residentscommissioner@hs2.org.uk)

## Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: [complaints@hs2-cc.org.uk](mailto:complaints@hs2-cc.org.uk)
