

# Notice of Old Oak Common Lane road and footway closure

May 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## Removal of the Wycombe Single Line bridge

We will be removing the Wycombe Single Line bridge from **Saturday 27 May to Monday 29 May**. The work will be carried out under a **full road and footway closure of Old Oak Common Lane** to ensure public safety. The work will involve cutting the bridge deck into sections and lifting the deck sections using a crane. The bridge needs to be removed as Old Oak Common Lane will be widened and lowered in a few years. The existing lane closure will remain in place for future works.

Please see the map on page 2 for the location of the road closure and construction activities. The diversion route for road users and pedestrians is on page 3.

The working hours will be Saturday to Monday, 8am to 8pm. We will aim to finish work by 6pm each day and will only work till 8pm if there are delays to the programme.

In the event of adverse weather conditions or unforeseen circumstances, we may also need to work on Tuesday 30 May and Wednesday 31 May. We will notify you in advance if we need to work on these days.

We will be using noise blocking covers to minimise noise disturbance and vibration levels will be monitored. During this time there will be increased noise and vibration and we will be using various tools and machinery, including trucks, cranes, saw cutters and drills.

We apologise for any inconvenience caused by this work and are working to minimise the disruption caused as far as possible.
