May 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain, if you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In order to build the Small Dean Viaduct, we need to temporarily realign a section of the A413. We are now starting phase one of this realignment which involves night time utility diversion works.

Our original notification stated these works would commence on Monday 15 May, however due to the permit to work for the area not being granted in time with the expected start date this work has now been pushed back to begin on the night of Tuesday 30 May.

We apologise for any inconvenience this may cause.

Further traffic management and temporary closures of the A413 will be required to complete these works over the coming months, details of which will be communicated in due course.

When will these works take place?

A413 London Road, lane closures will be:

- Overnight on Tuesday 30 May to Saturday 3 June – 8.30pm to 5.30am

These dates may be subject to change due to circumstances outside of our control and were correct at time of distribution.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
