

Notice of water main diversion works – The A453 Sutton Road, Drayton Bassett, Tamworth

May 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. To allow for the construction of the new railway and to continue to ensure a safe and reliable water supply, South Staffs Water will be commencing work on the diversion of a water main in May 2023.

What are we doing?

South Staffs Water will be diverting an existing water main along the A453, Sutton Road.

Most of the works will be within land next to Sutton Road, near the junction with Drayton Lane. The scheme will however include some works within Sutton Road and Drayton Lane.

To complete the works safely, temporary three-way traffic lights will be used to manage traffic along both Sutton Road and Drayton Lane.

The traffic lights will be in place on the dates stated below.

How will this affect you?

The temporary traffic lights will cause some local delays to traffic along both the A453 and Drayton Lane.

Traffic lights will be manually controlled during the day to ensure delays are kept to a minimum.

When will the work take place?

The temporary traffic lights will be installed over two three-week periods, as follows: -

24 May to 13 June 2023

A lane closure and three-way traffic lights northeast of Drayton Lane (lane closure one).

27 June to 14 July 2023

A lane closure and three-way traffic lights at the Sutton Road / Drayton Lane junction (lane closure two).

Duration

- Between 24 May and 14 July 2023
Traffic Management will be in place for two three-week periods between these dates.

What to expect

- Signage on the roadside where we access our worksite.
- Temporary fencing to maintain a safe working environment.

What we will do

- Maintain access to properties.
- Limit the amount of vehicle movements.
- Make sure all construction vehicles use agreed routes.
- Maintain a safe working environment.
- Inform people in advance of any changes.
