

Notice of Stamford Brook Sewer Backfilling Works

May 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Works to the redundant part of the Stamford Brook Sewer

We wrote to you in March to let you know that the newly diverted Stamford Brook Sewer works have completed, and the sewer is operational.

The Stamford Brook Sewer passes under the Great Western Railway tracks and into the HS2 Old Oak Common Station.

Before the digging of the new HS2 platforms could start, a section of the Stamford Brook Sewer pipe had to be diverted away from the below ground platforms location.

We now need to backfill the old, redundant sewer with foam concrete. These works are taking place underground and will remove the risk of the redundant sewer collapsing at a later date.

These works are taking place inside the HS2 Old Oak Common Station site in the approximate location shown on the map on page two.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Notification

Duration of works

Works are expected to start on Monday 12 June 2023 and take approximately 1 month to complete.

The working hours are 8am - 6pm Monday to Friday and 8am - 1pm Saturday.

What to expect

All works are in the underground sewer and will be carried out during normal working hours.

What we will do

The redundant section of the Stamford Brook Sewer will be filled with foam concrete.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk
