

Updated notice of overnight closures of the M42 motorway between junctions 9 and 10

May 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be doing

We are progressing works on the Marston Box bridge that has been installed across the M42 Motorway between junction 9 and 10. Over the next few months we will complete works to install the parapets on the bridge. These features on a bridge are vitally important as parapets provide safety to passing vehicles below and can also act as a noise barrier.

Before we install the parapets, we will require temporary overnight carriageway closures to undertake:

- Drainage surveys
- Structural survey of Marston Box
- Installation of monitoring equipment and signage

When we will close the M42 Motorway

We are working closely with National Highways to complete these works safely and efficiently. There will be temporary overnight carriageway closures of both the M42 southbound and northbound:

- **Northbound carriageway closures (Junction 9 to 10) – Overnight on 6 June and 7 June 2023. The closures will be from 9pm to 5am.**
On 7 June 2023 there will also be a single lane closure on the southbound carriageway overnight from 9pm to 5am.
- **Southbound carriageway closures (Junction 10 to 9) – Overnight on 8 June and 9 June 2023. The closures will be from 9pm to 5am.**

A clearly signed diversion route will be in place over this period with advance signage in place to help inform motorists of the closure.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Map of closure and diversion route

The map below details the closure and diversion route that will be in place over this period. A signed diversion will be in place for road users during the closures of the M42 motorway. Do not follow Sat Nav's, please follow the designated signed diversion.

- The northbound diversion between J9 and J10 will direct road users along the A446, A38 and A5 roads.
- The southbound diversion between J10 and J9 will direct road users along the A5, A38 and A446 roads.

Please note: There is a low bridge at Piccadilly (Kingsbury) that is unsuitable for HGVS, please follow the signed diversion route.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
