What we are doing

On Sunday 18 June 2023, we will be carrying out inspection works to the conveyor over Newyears Green Lane.

Due to the location of these works, a road closure will be in place for one day to ensure these activities can be carried out safely.

During these works, access will be maintained for residents, emergency services and businesses along Newyears Green Lane. A clearly signed diversion will be in place via Moorhall Road / A412 / A40.

We would like to apologise in advance for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way.

We will ensure that disruption is kept to a minimum.

Please see the following pages for a map showing the location of the road closure and the diversion route.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
