

Notice of tree stump grinding at Wood End Lane, Lichfield

June 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Working on behalf of HS2 Ltd, Balfour Beatty is carrying out surveys and investigating ground conditions along the Phase 2a route.

What we are doing

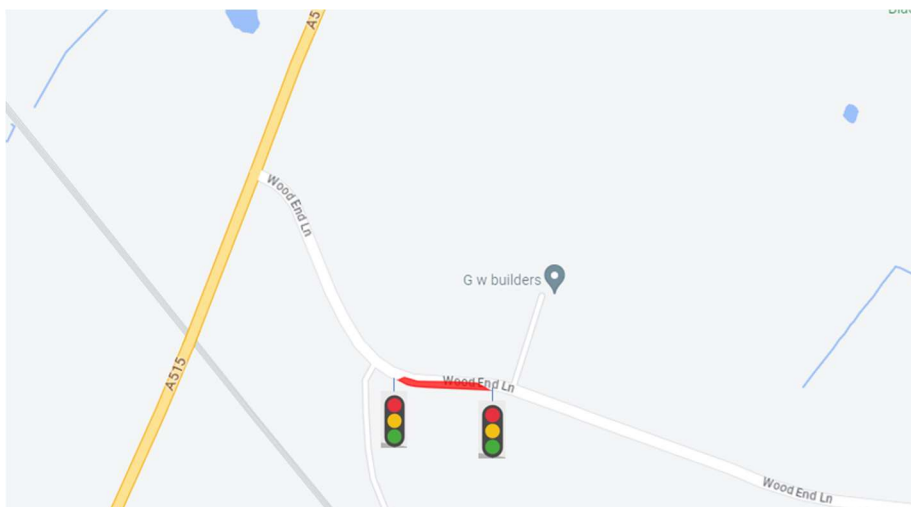

HS2 Ltd has currently paused any additional survey and construction works associated with the A515 junction improvement and Wood End Lane widening works. As a result of this Balfour Beatty have completed a safety review of the current conditions on site to consider the effects of the extended duration prior to construction work commencing. It has been recommended that several tree stumps near to the kerb line should be ground down to remove any hazard associated with them. To complete this work, we will be putting 2-way lights on Wood End Lane on the West bound side near to Vicars Croft Farm on **Monday 3rd July**.

How will this affect you?

Due to the nature of the machinery that will be used there will be some noise generated. We will endeavour to keep durations as short as possible and avoid leaving any machinery idling when not in use. All access to residents and businesses will be maintained throughout.

Where we'll be working

2-way lights with a short lane closure will be positioned as per the plan below, leaving access to all residents and businesses unobstructed.

Notification

Duration of works

The works are expected to take one day to complete and are scheduled to take place on Monday 3rd July
