

Temporary traffic management on A453 Sutton Road and Drayton Lane

June 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

We need to undertake surveys that will record the underground drainage network. The information acquired from these surveys will feed the design of the proposed new alignment of the A453 Sutton Road to accommodate the new high-speed railway.

When these works will take place

To complete these works safely and efficiently we will install temporary traffic management as follows:

- Daytime lane closure with temporary traffic lights on A453 Sutton Road / Drayton Lane between **24 July to 28 July from 9.30am until 3.30pm.**
- Daytime closures of Drayton Lane between **31 July to 11 August from 9.30am until 3.30pm** (Not including weekends)

A clearly signed diversion route will be in place over this period with advance signage in place to help inform motorists of the closure.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
