

Update: Notice of temporary traffic lights on Yarnfield Lane

High Speed Two (HS2) is the new high speed railway for Britain.

Project update

On 4 October 2023, the Prime Minister announced that the Government proposes to deliver a broad range of transport initiatives in place of investing in Phase Two of HS2. This means that HS2 Ltd is not undertaking any 'new' work to progress plans for Phase 2a of the project and is working with Government to agree the next steps on this phase of the project.

The activity described below is needed either to finish work on an existing site, for the ongoing maintenance of a site, or for health, safety and security reasons.

What we are doing

As part of our early environmental works, we are undertaking ecological surveys and roadside hedgerow maintenance on Yarnfield Lane. These works are required to maintain safe line of sight for road traffic.

Balfour Beatty will be using tractor and hedgerow flail as well as manual working near any sensitive ecological receptors.

This will form part of regular hedgerow maintenance within the wider area.

We will need to install temporary two-way traffic lights on Yarnfield Lane at Stone, to manage the safe movement of the vehicles and people needed to carry out the hedgerow maintenance.

Duration of works

Monday 20 November to
Friday 24 November 2023,
9.00am - 4.00pm

What we will do

Install temporary traffic lights on the Yarnfield lane between the M6 overbridge and the A34.

Carry out the work in compliance with the Code of Construction Practice.

Inform you in advance of any changes to the dates and working times shown.

What to expect

Some low-level noise.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

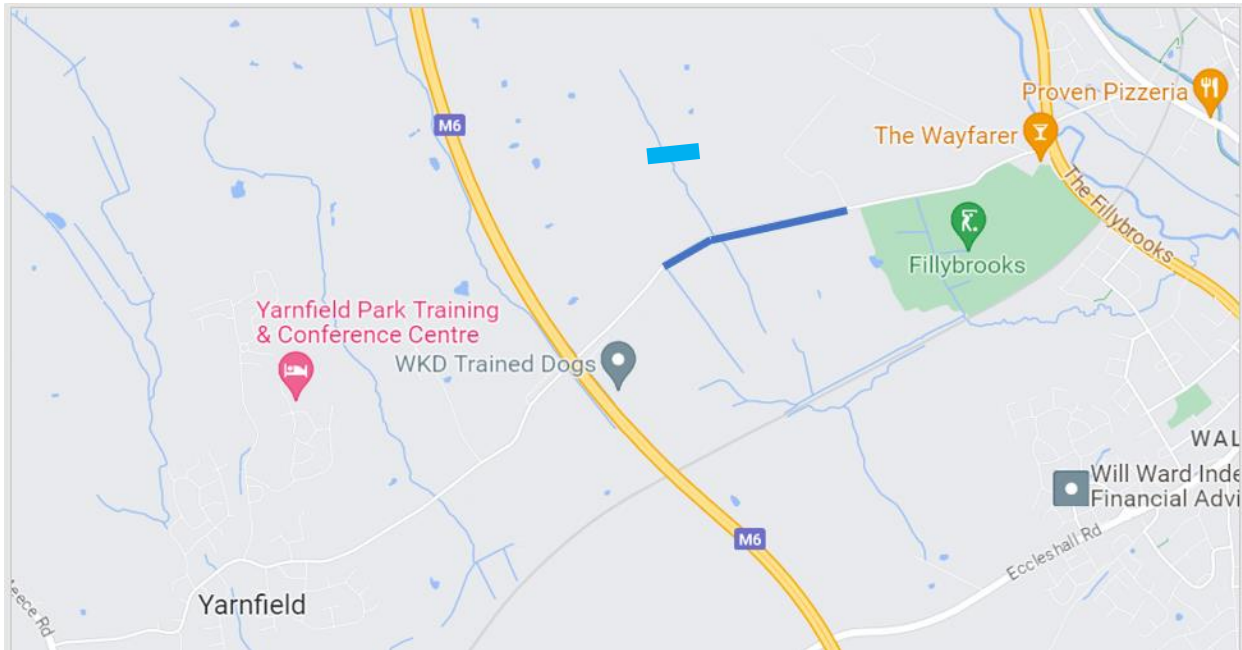

When the work take place?

We will put the traffic lights in place from **Monday 20 November** to **Friday 24 November 2023**,
9.00am - 4.00pm.

What to expect

The equipment we use may generate some low-level noise, we will be switching off engines when not in use and working during the day to minimise disruption to local residents. We will ensure the traffic lights are only in operation during periods when work is been undertaken to minimise disturbance.

The blue shape on the map below shows where we will be installing temporary traffic lights.

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk
