

Wormwood Scrubs handover preparation

July 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain

We have now completed our works on the Wormwood Scrubs Stamford Brook Sewer site, and we are now preparing to hand this area back to the London Borough of Hammersmith and Fulham.

Wormwood Scrubs handover and grass maintenance

We are working with the London Borough of Hammersmith and Fulham to finalise the legal hand back of the Stamford Brook Sewer site on Wormwood Scrubs. This is due to take place in **August 2023**.

The site is currently surrounded by metal heras fencing. Before removing the fence, we will need to trim back the grass as it has grown over the concrete feet. We will also use this opportunity to carry out maintenance of the fences around the triangle site which is remaining in place for future works.

The areas to be trimmed will be kept to an absolute minimum. We will be using brush cutters and strimmers to carry out this work.

The preparation for legal hand back, including the grass trimming and fence removal is due to take place from **17 July until early September**.

For the removal of the fence to take place, we will need to cut the grass on the existing maintenance tracks so that the vehicles and trailers will be able to gain access to carry out the works. An ecologist will be on site at all times when the grass is being cut, to ensure no wildlife is harmed.

All the grass trimming works will be authorised by an ecologist who will be supervising the works. Please see a map of the location of these works overleaf.

Notification

Duration of works

17 July 2023 until early September 2023, between 8am and 6pm Monday to Friday and Saturday 8am – 1pm if required.

What to expect

Grass maintenance will be carried out along the Wormwood Scrubs site boundaries as needed.

What we will do

We will use best practicable means to minimise any impact on our site neighbours. Inspections will be completed by an ecologist, and all works will be completed under the direction of an ecologist

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
