

Notice of traffic management on B4114 Birmingham Road, Coleshill (updated dates)

August 2023 | www.hs2.org.uk

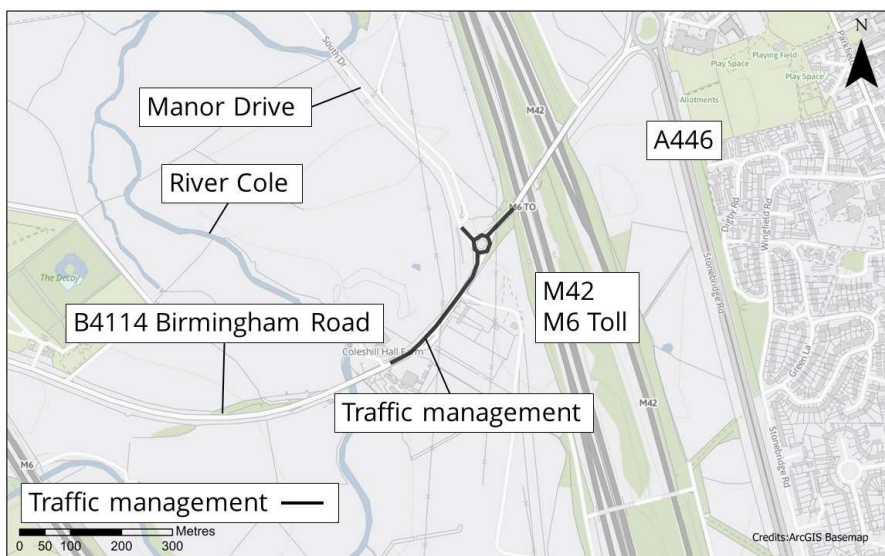

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high speed railway in your area.

The work we will be completing

We previously sent out a notification outlining works to prepare to construct the Coleshill Viaducts that will carry the HS2 railway over the existing B4114 Birmingham Road. As part of our works, we will complete trial holes along sections of B4114 Birmingham Road. Trial holes are created to assess the condition of the ground prior to construction activities.

Traffic management

To complete this work safely, we will install four-way traffic lights along B4114 Birmingham Road. This will include the roundabout section. The traffic lights were originally set to be in place from Tuesday 29 August until Friday 8 September. However, due to reprogramming of the works, we will now only complete these works on Tuesday 5 September and Wednesday 6 September. The traffic management for this work will be from 9.30am until 3.30pm on both days.
