

UPDATE - Notice of overnight closure of A446 southbound slip road (Biddles Loop) and lane closure.

August 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

UPDATE – We have updated the map to show the full extent of the closure and additional diversion route via Coleshill Heath Road.

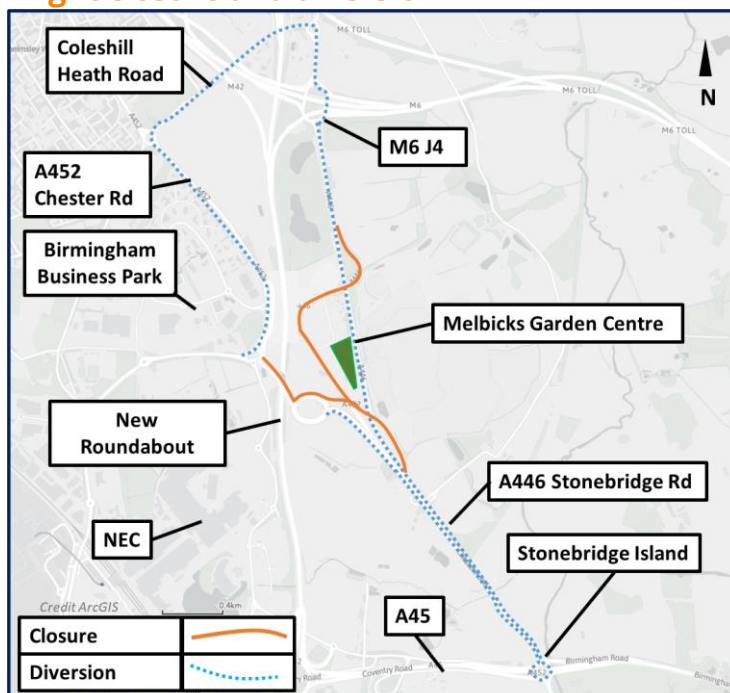

The work we will be doing

On 11 September for five nights, the slip roads connecting the A446 Stonebridge Road to the new junction with the A452 (known as Biddles Loop) will be closed to traffic so that we can install new technology into the old road that is compatible with the traffic management system on the new road layout. Traffic will be directed down to Stonebridge Island at the A45 then back up to Northway Island via the A452 Chester Road.

Please see the Map below. The road will be closed at 8pm and will reopen at 6am the following morning.

Please note that the A452 is now on its permanent alignment over the roundabout the old alignment (south bridge) is now decommissioned.
