

Notice of overnight closures on A45 Coventry Road.

September 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing.

BBV are in the process of building three new bridges to support a realigned A45 Coventry Road. This will enable the new railway to pass under the A45 as it approaches the new interchange station. To safely keep the road open during our works BBV need to undertake regular safety inspections on the existing carriageway. To undertake this inspection, we will need to close the road for one night in each direction however traffic can be easily diverted via Stonebridge Island and the M42 Roundabout utilising Lane one of the A45 and its service roads.

When will the work take place –

Eastbound - The eastbound carriageway will be closed from the M42 Island to Stonebridge Island from 8pm on Monday 9 October reopening at 6am on Tuesday 10 October. Traffic should exit the A45 at the M42 Island and take the third exit on to the A45 and enter into a lane closure, re-joining the A45 at Stonebridge Island by taking the second exit.

Please see the map overleaf.

Access for DHL and residents of Middle Bickenhill Lane will be maintained by a Traffic Marshal

Westbound - The westbound carriageway will be closed from the Stonebridge Island to the M42 Island from 8pm on Tuesday 10 October reopening at 6am on Wednesday 11 October. Traffic should exit the A45 at Stonebridge Island and take the second exit back onto the A45 but remain on the service road, re-joining the A45 at the M42 Island. **Please see the map overleaf.**

Please note – Part of the East Way will also be closed at this time from the 'Loop' to the A45.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
