What we are doing – Excavation and Construction Satellite Shaft

From 23 October 2023, we will begin working on the excavation and construction of the Satellite Shaft at our Mandeville Road site. The works will consist of excavation and installation of supports as works progress.

The excavated material will be removed using a crane and taken away from site by HGV. Excavation will be 24 hours a day, 7 days a week. HGV movements will be between 08:00 and 18:00 Mon-Fri and 08:00 to 13:00 on Saturdays.

Following the excavation, we will carry out works to install reinforced concrete in the opening, which will also be 24 hours a day, 7 days a week, with HGV movements restricted to the hours of 08:00 to 18:00 Mon-Fri and 08:00 to 13:00 Saturdays wherever possible.

We would like to apologise in advance for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum and that regular updates are provided.
