

## Road closure and temporary traffic lights on B485 Chesham Road, Buckinghamshire.

October 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. This is a notification to inform you of works by UK Power Networks, which require a road closure, followed by temporary traffic lights on Chesham Road, B485, Buckinghamshire.

### What are we doing?

We previously wrote to you in May informing you of the planned electrical connection works at our Chesham Road site. The works were postponed due to difficulty in locating the required cable for the connection below ground. To locate and connect these cables safely, the highway will need to be closed for excavation.

### How will this affect you?

The works have now been rescheduled. There will be a full road closure on Chesham Road, B485 at its junction with Hyde Lane from:

- Monday 23 October to Monday 30 October

Please follow the signed traffic diversion that will redirect motorists via the A413, B4009, A41 and A416.

Note: HS2 traffic will continue to use the approved route which is via the A413.

Following the road closure there will be a single lane closure and two-way traffic lights on Chesham Road, B485, near the junction with Hyde Lane from:

- Monday 30 October to Friday 4 November

For safety reasons the traffic management set-up will remain in place throughout this time, including outside working hours, as the connection is deep underground.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
