What work is taking place?

We wrote to you in August 2023 to update you on our sewer protection works to reline the foul and surface sewer network between Victoria Road and Great Central Avenue.

Great Central Avenue

These works are ongoing and were due to be completed by 19 October however they have been delayed due to the amount of work needed to finalise this site. We will now be **completing these works on 11 November 2023**. We are now reinstating the substation and demobilising our site. The location of the works on Great Central Avenue is shown on the map on page 2.

Priors Farm and Masson Avenue

We are removing the temporary pipe network and reinstating the farm land and park next to Masson Avenue.

We will be carrying out works on Priors Farm **until 30 November 2023**.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
