- You will be able to ask questions and provide feedback at the end
- This event will focus on the ongoing and upcoming utilities between Old Oak and Park Royal and Hanger Lane

Agenda

Item	Topic	Lead
1	Introductions	SCSJV – Engagement Team
2	Ongoing A40 Western Avenue utility works	SCSJV – Utilities and Traffic
3	Upcoming West Gate gas diversion works	SCSJV – Utilities and Traffic
4	Other utility works in the area	SCSJV – Engagement Team
5	Questions	SCJV - All

Delivering HS2 London Tunnels

What we are doing

Skanska Costain STRABAG Joint Venture (SCSJV) are working in partnership with HS2 Ltd to build 16.4 miles (26.4 kilometres) of the high-speed railway between Euston and West Ruislip.

This includes 13 miles (21 kilometres) of tunnels and the associated ventilation (vent) shafts and headhouses to provide access to the tunnels for maintenance and emergency services, ventilation and power supply.

Utility works on the A40 Western Avenue

We will be carrying out works to protect the mains gas pipe below the A40 Western Avenue between Hanger Lane Gytratory and Gypsy Corner. The works are continuing and will be complete by December 2023.

Indicative construction programme

The works are due to be complete by 3 December 2023*. The utilities team will be working during the day and overnight throughout this time on A40 Western Avenue.

Construction Activity	Date
Contraflow system in operation and gas upgrade works commence	18 September to 9 November 2023*
Removal of contraflow system	10 November to 12 November 2023*
Civils works (reinstatement of central reservation)	13 November to 3 December 2023*

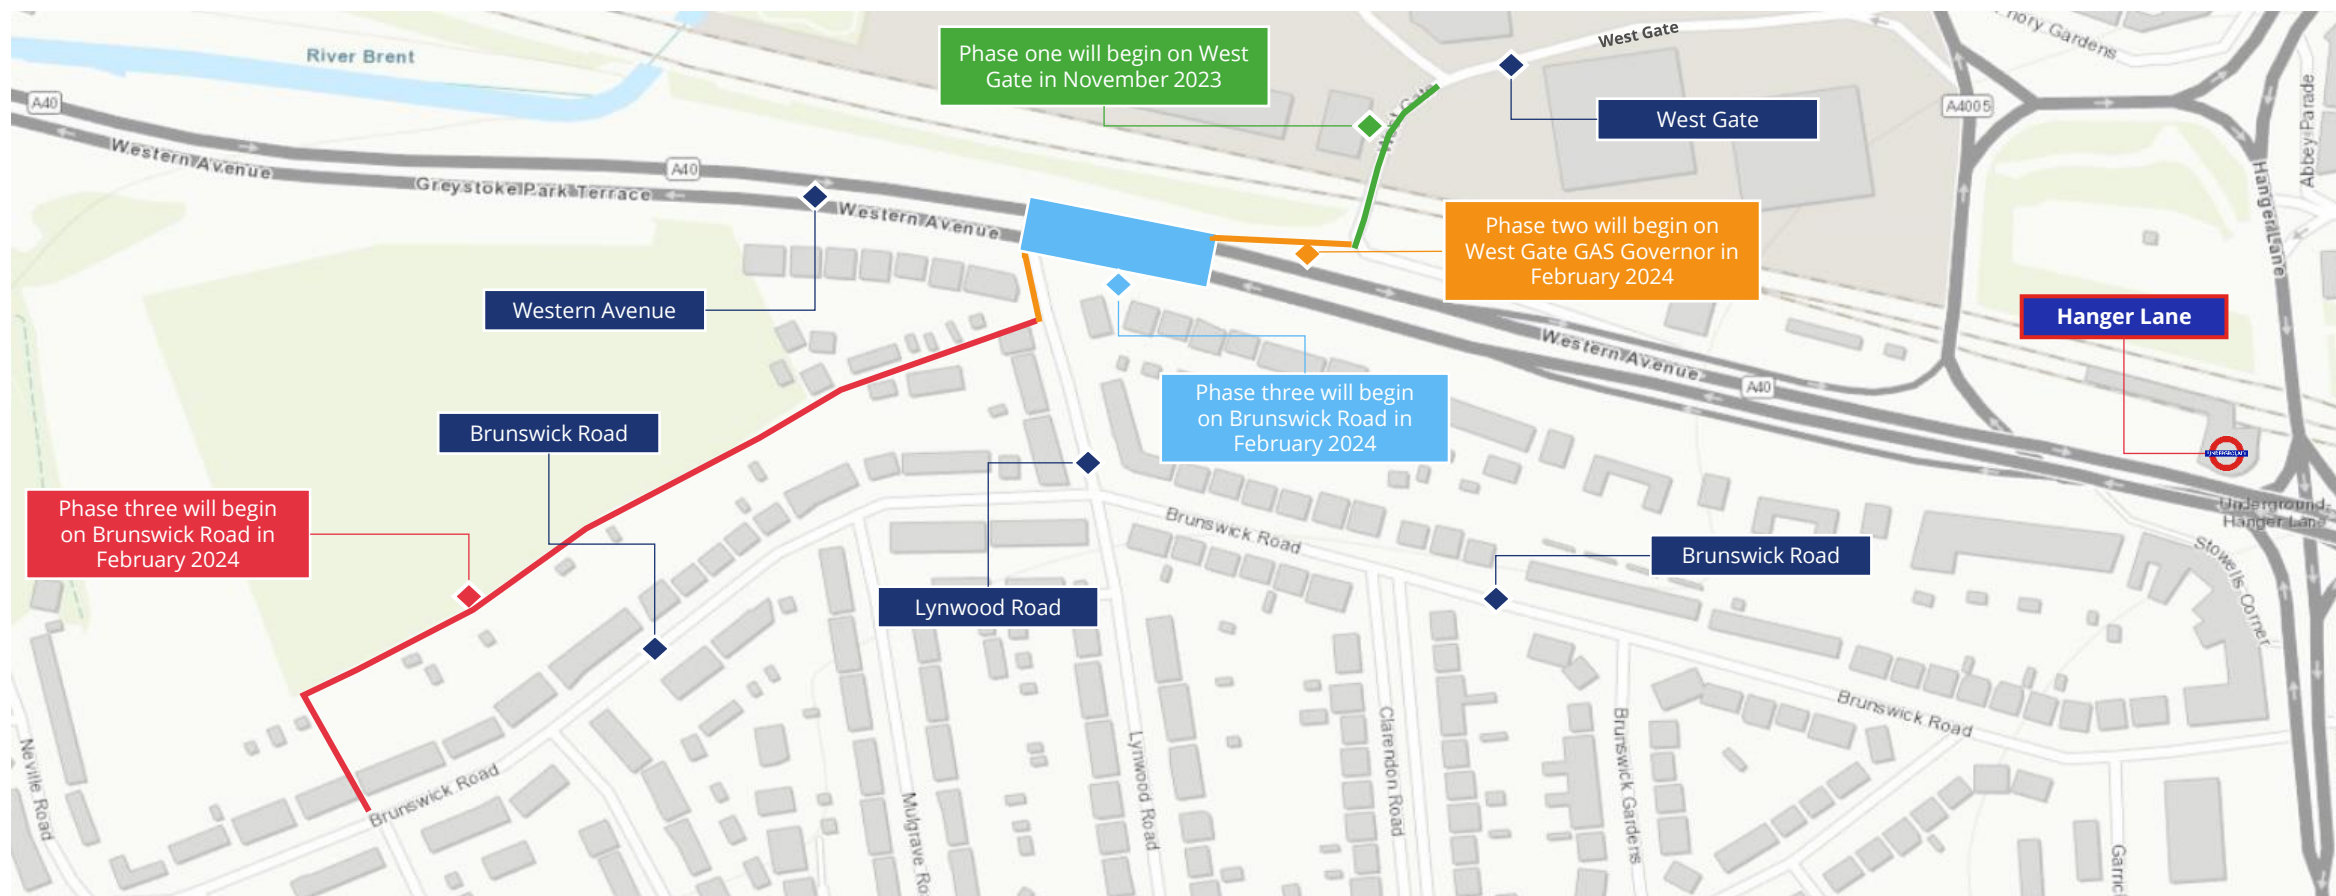

*Dates mentioned are subject to change. We will provide updates at hs2.org.uk/in-your-area/map

West Gate Gas Diversion works

We need to divert the gas mains to prevent it becoming damaged in the future before starting our upcoming tunnelling works. The gas diversion will run across the A40 and onto Brunswick Road. Phase one of these works will begin on **6 November 2023** and is due to be completed on **7 June 2024**.

We will let you know closer to the time about the dates and impacts of the next three phases, but we expect the overall works to last until **4 November 2024**.

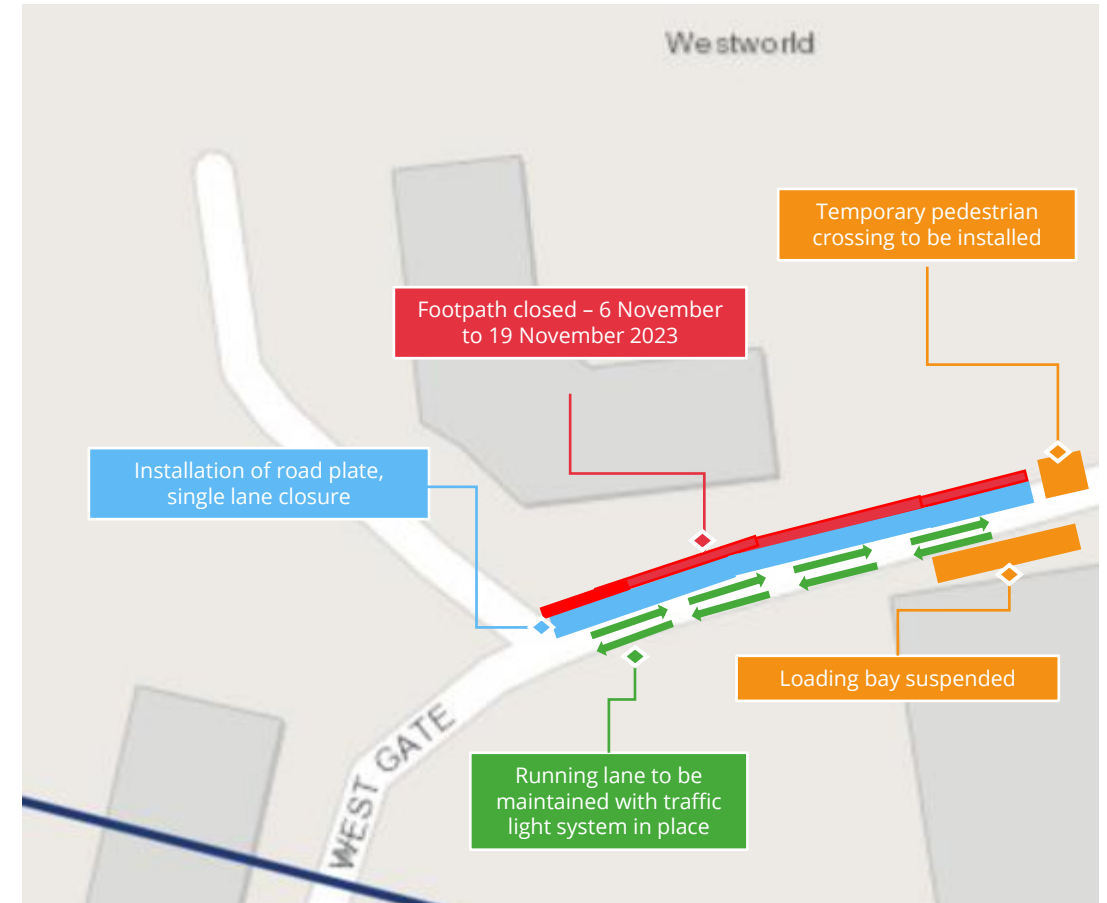

West Gate Gas Diversion works

The works will be carried out in phases, as illustrated in the maps.

Phase one of the gas diversion will begin on West Gate on **6 November 2023*** and will continue until **7 June 2024***, before moving onto phase two.

Phase One A

Between 6 to 19 November 2023*, we will install a road plate to so that the footpath can be used for vehicles

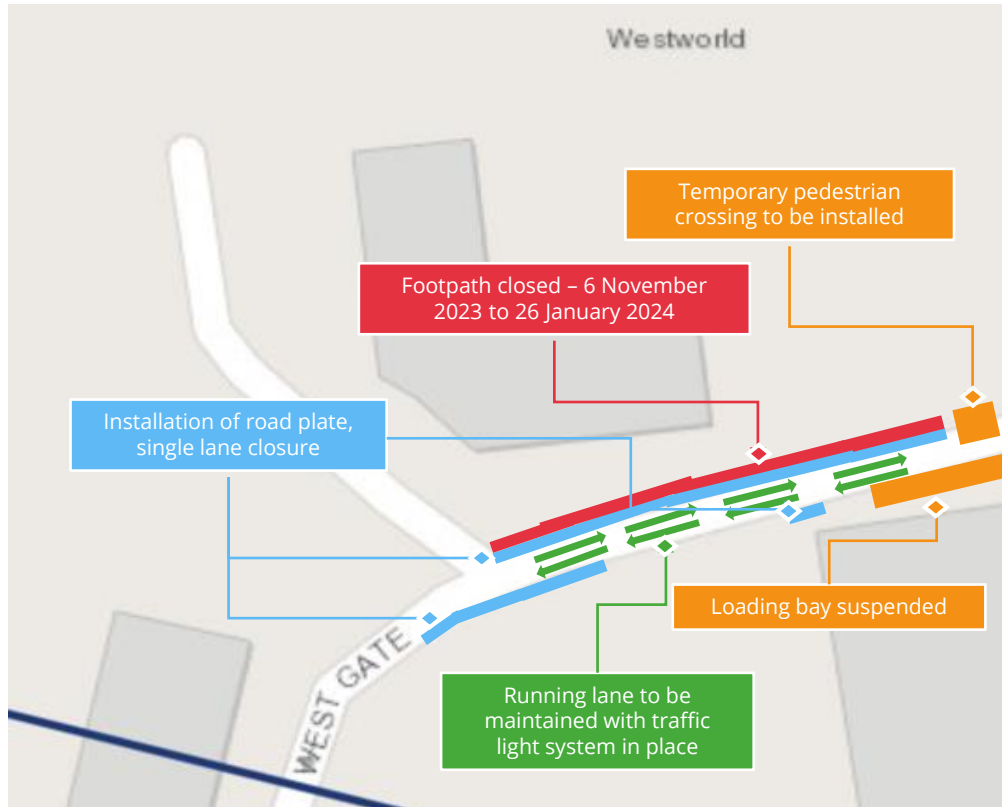

*Dates are subject to change; we will provide updates at [hs2.org.uk](https://www.hs2.org.uk)

West Gate Gas Diversion works

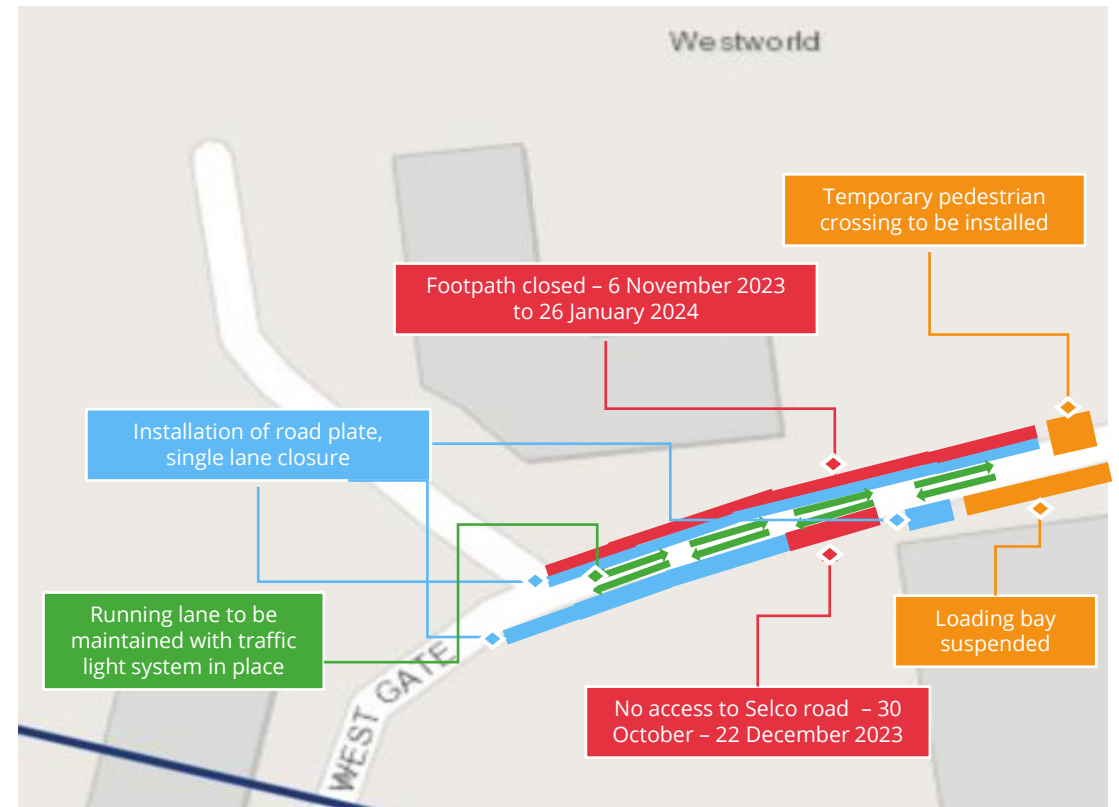

The works will be carried out in phases, as illustrated in the below maps. The dates are indicative, and subject to change. Phase one of the gas diversion will begin on West Gate on **6 November 2023** and will continue until **7 June 2024**, before moving onto phase two.

Day Time Works

Phase One B - 20 November 2023 to 26 January 2024. Road plate installation

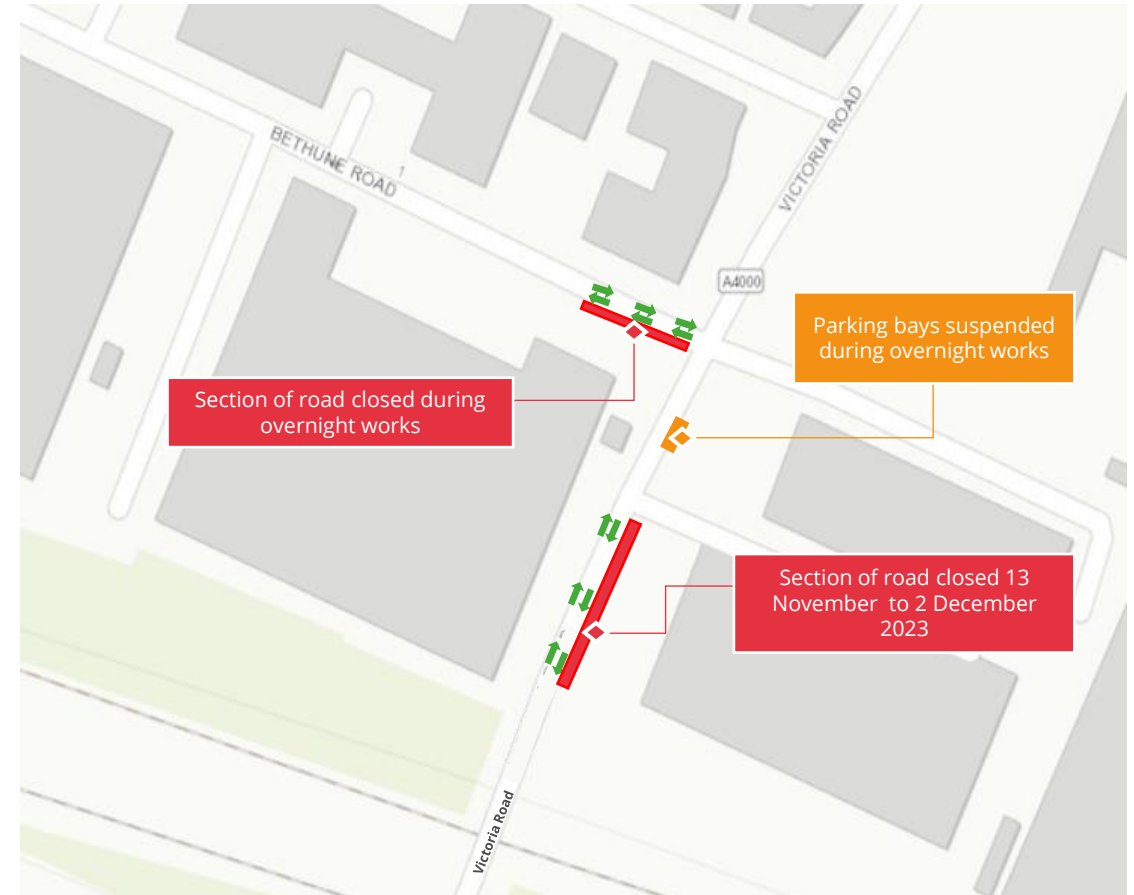

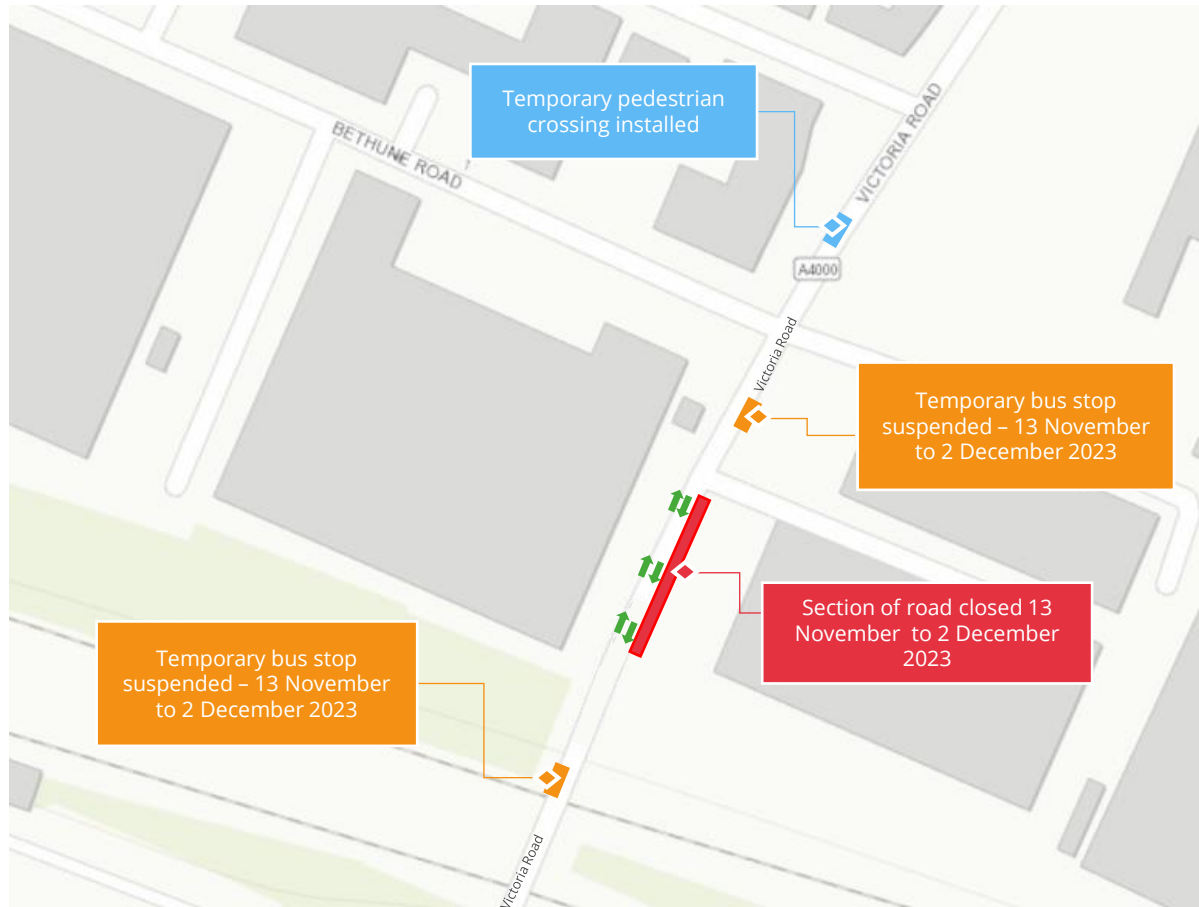

Overnight Works

Phase One B - 20 November 2023 to 26 January 2024. Access to Selco Road will be closed during overnight works.

Victoria Road utility works

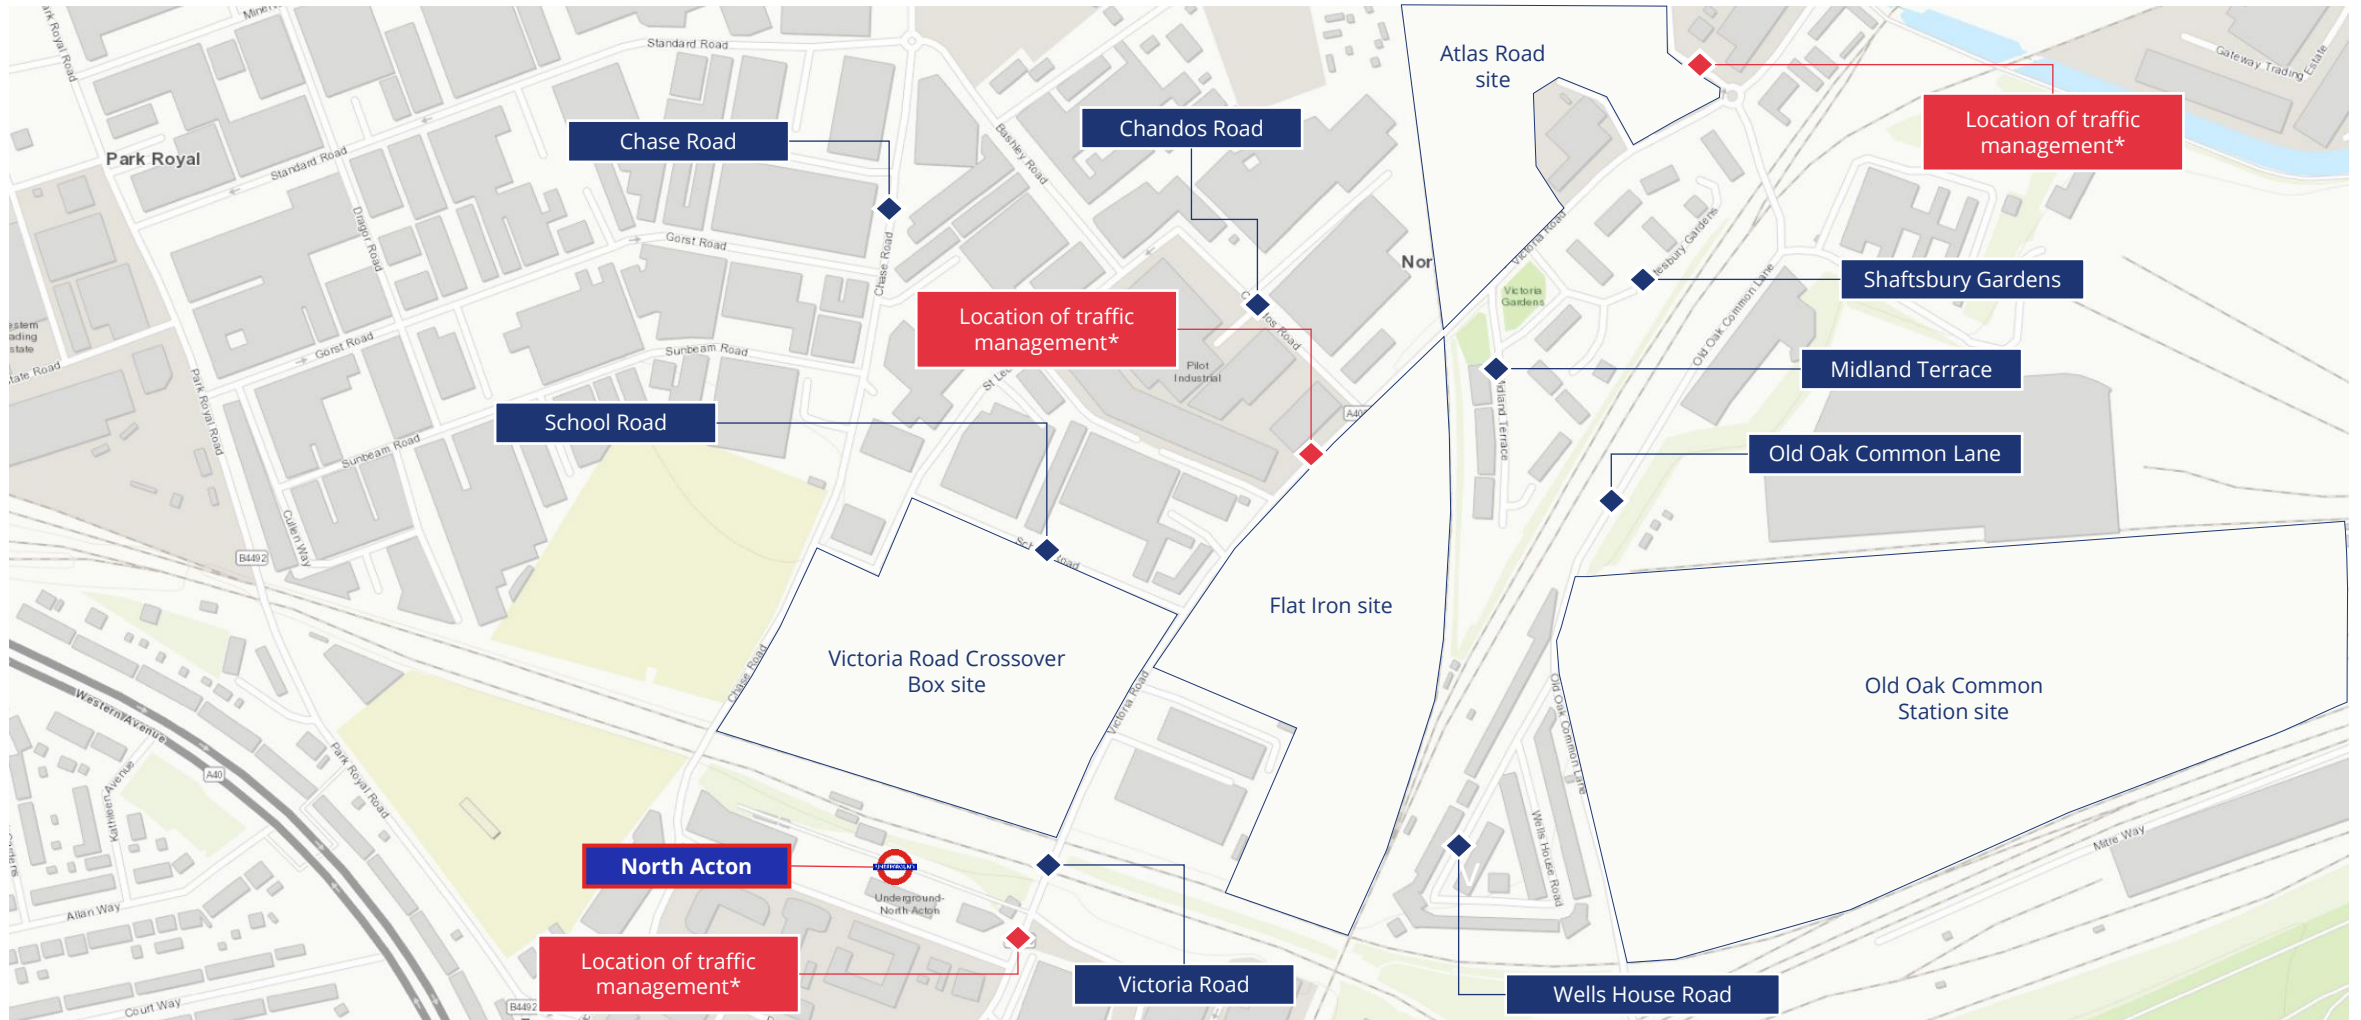

From 13 November to 4 December 2023, we will be carrying out utility works to install UV liners underneath Victoria Road, to protect existing Thames wastewater from ground settlement.

*Dates are subject to change; we will provide updates at [hs2.org.uk](https://www.hs2.org.uk)

Victoria Road 2024 upcoming works

These are the locations of the upcoming works on Victoria Road in early 2024

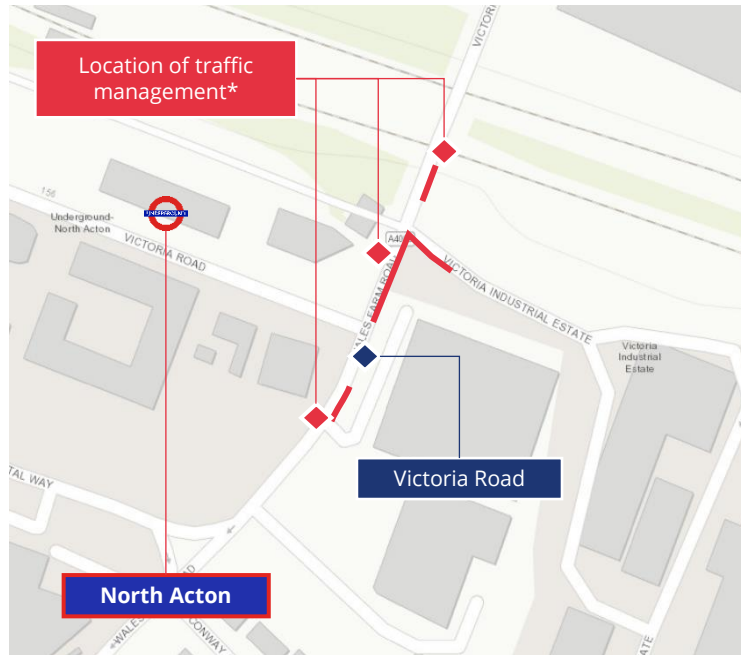

*Locations are subject to change; we will provide updates at hs2.org.uk

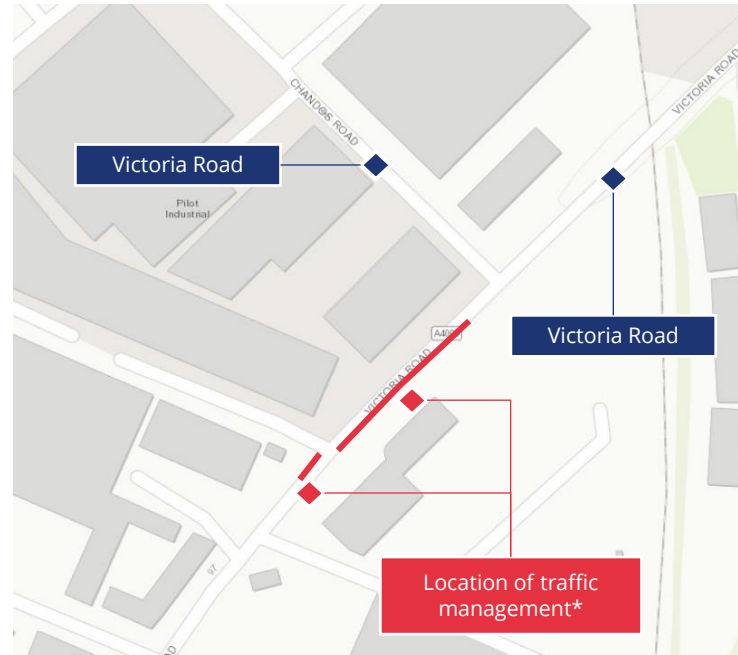

Victoria Road 2024 upcoming works

These are the locations of the upcoming works on Victoria Road in early 2024. We will share more information about these works in December 2023.
