Issued: September 2024

Area Reference: Clarkson Row

Dear neighbour,

I want to thank you for your patience while we have been building a new railway access point on Clarkson Row. Your patience has been appreciated and I'm pleased to advise you that our work is nearly finished.

While we have completed all the main work to build the new access point next to Globe Motors, we will back on site from the 17th of September. Our team will be installing safety features, lighting, electrical supplies and road markings to get the access point ready for our maintenance teams to be able to use safely later this year.

What work is left to do & when: Our team will be working Monday – Friday 0800-1700.	
What's happening	Estimated Dates
Installing pedestrian barriers	18/9/24 - 25/9/24
Install vehicle restraint barriers	18/9/24 - 1/10/24
Install fronting for entry gate	18/9/24 - 20/9/24
Install lighting	18/9/24 - 25/9/24
Install handrails	18/9/24 - 8/10/24
White line painting	1/10/24 - 2/10/24
Electrical installation and commissioning	3/10/24 - 10/10/24
Handover and entry into service	11/10/24 - 31/10/24

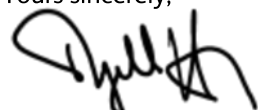

All remaining work will be completed using hand tools, so we don't expect it to disturb you. As always, our staff will be regularly briefed on the importance of working and parking responsibly in the local community.

How you can contact us:

If you have any queries about the work, please telephone our 24-hour national helpline on **03457 11 41 41** or email **NRHS2@networkrail.co.uk**. Please use the reference at the start of this letter.

If you have any questions about the HS2 project or HS2 construction work, please contact the **HS2 helpdesk** on **08081 434 434** or email **HS2enquiries@hs2.org.uk**

Yours sincerely,

Myall Hornsby
Community Relations Executive

We are introducing a new Digital Lineside Notification service is for lineside neighbours to be notified of big railway works happening nearby. To register and sign up please see the QR code or link below.

It is expected to take 6 – 12 months for the service to be fully implemented across the country so it is possible you may still receive postal notifications about work in your area during this time

Photos of our work at Clarkson Row and recent volunteering on Mornington Place

Here are some early photos of work to demolish the former garage building on Clarkson Row.

Once we had demolished the garage at street level, we started to create the foundations for the access point.

This photo shows the completed ramp down to track level.

A team from the Clarkson Row worksite and Network Rail worked with the Clarkson & Mornington tenants & residents association (TRA) to clean up some front gardens. This has since enabled residents in the area to add new plants and flowers to their gardens.
