

Notice of one night closure of Diddington Lane and daytime traffic management

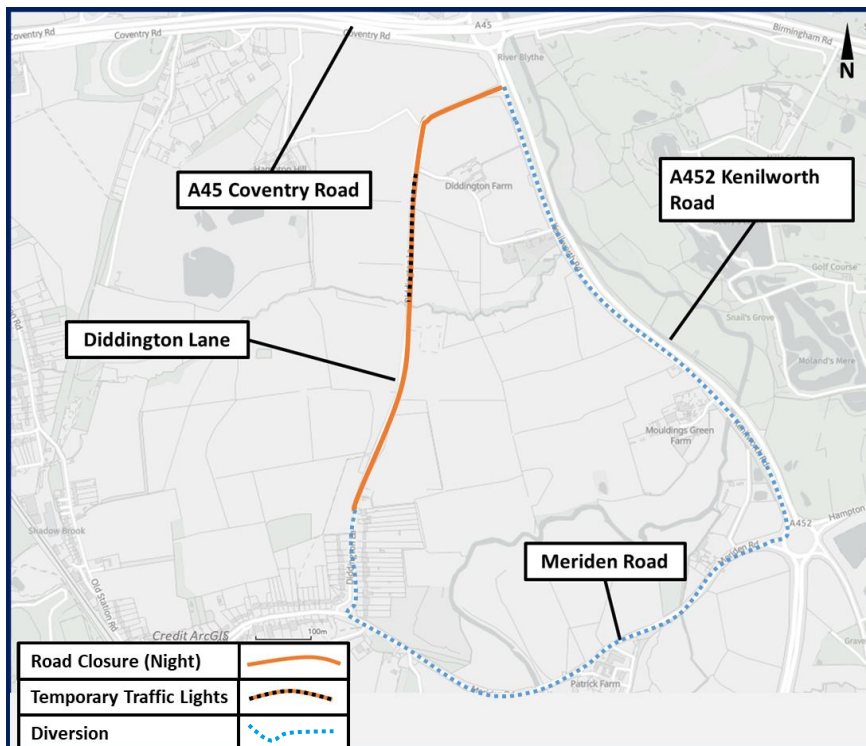

November 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we are doing.

The new railway will approach the A45 on a short embankment and a deep cutting as it heads north from the River Blythe Viaduct. In this area there is an important electricity supply cable that is being carefully diverted so that our work does not interrupt the supply. Overnight on 27 November, our team will be vacuum excavating two pits on either side of the carriageway. This will require the road to be closed between 9:30pm and 6am the following morning. The following day, the team will be pulling and jointing the new cable between the two pits, the road can be open while we do this, but we will have temporary two-way traffic lights in this location for safety reasons. These traffic lights will be in place from 9:30am until 2:30pm on 28 November.

Location Plan

Duration of works

Road closed from 9:30pm on 27 November reopening at 6:00am on 28 November.

Temporary 2-way traffic lights from 9:30am until 2:30pm on 28 November.

What to expect

Low level of noise from our works.

A slight delay in journey times waiting at the lights and following diversion.
