

EUSTON STATION IMPROVEMENT WORK

25 November - 10 December 2023

Working for you.

14/11//2023

Dear Neighbour

Location: Euston Station East Ramp

Dates: 25 November - 10 December

I am writing to let you know about some upcoming overnight work we are carrying at Euston station. The entry/exit ramp adjacent to Barnby Street needs to be improved. This is to ensure safety for all station users.

When we will be working and what we will be doing:

We will be replacing part of the old concrete ramp structure to make sure it remains safe and reliable

Our teams will be using handheld tools and while all efforts will be made to minimise potential disturbance, some of the works have the potential to result in raised noise levels.

What	When
<ul style="list-style-type: none">• Breaking out and removal of old concrete base structure	25 November 20:00 – 26 November 12:00
<ul style="list-style-type: none">• Installing new concrete ramp section	25 November 20:00 – 26 November 12:00 2 December 20:00 – 3 December 07:00 9 December 20:00 – 10 December 07:00

Noise monitors will be in place to help manage the noise levels during the three shifts of work, which for health and safety reasons, when trains aren't on the tracks underneath the ramp.

This is critical work to upgrade the ramp structure, which forms an emergency exit route at the station.

If you have any questions or concerns, please contact us via email at NRHS2@networkrail.co.uk or call our 24-hr national helpline on 03457 11 41 41.

Kind regards,
Myall Hornsby
