

# Notice of works on Gordon Street

November 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Mace Dragados is the Construction Partner building the new HS2 station in Euston.

Recognising the Government's recent announcements on HS2, commitment was reaffirmed to bring HS2 trains to Euston and critical preparatory work continues to prepare for a new future station. Our current activities include essential utilities diversions.

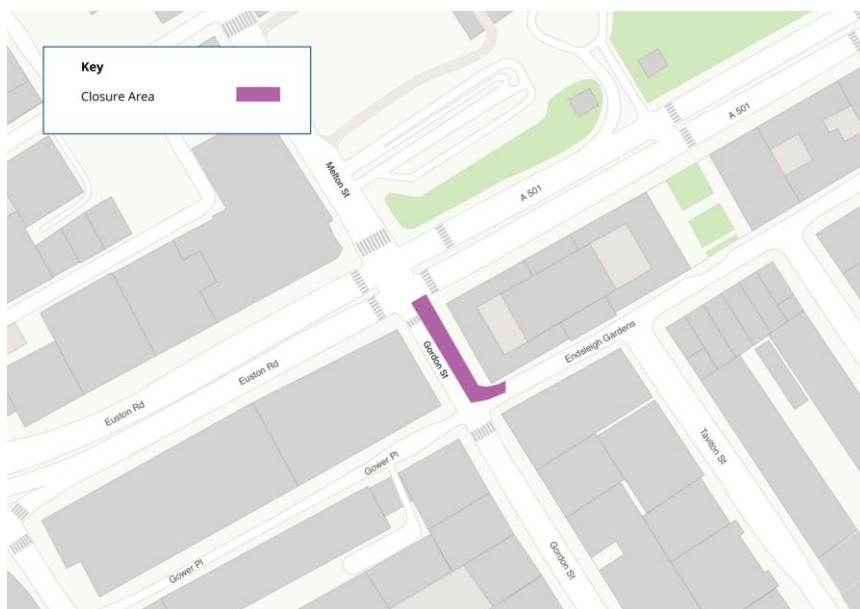

## UKPN work on Gordon Street

We wrote to you in June 2023 (Reference number: HS2-MW-MD-Ph1-Eu-St-S3-Prog-Works14-02/06/2023) to let you know that we are continuing with our essential utility works in the area.

### What are we doing?

From **20 November until late December 2023**, UKPN will replace old infrastructure by retrieving and pulling cables on Gordon Street. During the work, Gordon Street (south bound, adjacent to Euston Road) **will not be accessible to vehicles**. Pedestrian access and crossings will remain in use throughout these works.

The construction will consist of breaking out sections of the existing highway, and reinstating the highway. **We will not be working during the festive period and the road will reopen once the work is complete.**

Map of work area

We recognise that construction work can be disruptive to those living and working nearby. The nature of our work often means some disturbance is unavoidable but assured that every effort is made to minimise any unnecessary noise.

Please note that changes to the programme may occur and if these changes are likely to cause any disturbance, we will write to you again.
