What we are doing

Earlier this month we updated you on our utility works on Mandeville Road. These works are currently underway and are due to be completed by 22 December 2023. Due to poor weather in October, some of these works were delayed. We now need to reline a sewer that is located in the car park of Northolt Leisure Centre.

These works will be completed **overnight on 7 and 9 December between 9pm and 7am.**

How these works might affect you

We will be working at night to install a new lining into the local sewer network. Access to the leisure centre car park will be restricted from 8pm. Operatives will be on hand to assist drivers leaving the car park.

Temporary traffic management of a lane closure will be in place overnight on Eastcote Lane North. The traffic management will be removed each morning after the night works have been completed.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
