

Notice of traffic management on A425 Southam Road

December 2023 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

The work we will be doing

We will be undertaking utility diversion works on the A425 Southam Road to enable the construction of the new green tunnel. To complete these works safely we will install overnight road closures and temporary traffic lights during the daytime.

When these works will take place

Overnight closures of the A425 Southam Road will be in place, between the B4452 and the B4451, from 8 January 2024 to 6 February 2024. This section of road will be closed between 8pm to 6am (Mon-Fri). A signed diversion route will be in place (please see map on page 2).

Temporary traffic lights: Outside of the overnight closure period we will operate multi-way temporary traffic lights on the A425 Southam Road from 8 January 2024 to 16 February 2024. During peak times we will manually control the traffic lights to manage traffic flows.

We will maintain access to properties at all times during these works.

Our workforce may be on site up to one hour before and one hour after to set up and secure our equipment.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
