What we are doing

On the 12 December 2023, we wrote to you to let you know that the second concrete pour would take place on the 16 December. Due to further delays with preceding works, we've had to change the date. This will now take place on 21 December 2023.

The pours will take place at the base of the main shaft, about 35 metres below ground level, which is where the noisiest activities will occur. While on-site work is not expected to cause additional disruption, more delivery vehicles will be present due to the quantity of concrete that is required. These deliveries will continue throughout the night.

Traffic Marshals will guide delivery vehicles as usual. Night-time work will not include noisy activities at ground level, with site lighting directed away from neighbouring homes. Noise and vibration monitoring will continue, with extra noise suppression if needed.

We would like to apologise for any disruption or inconvenience this may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
