

# Notice of traffic management on the M42 and at junction 4 of the M6

December 2023 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

## The work we will be doing

BBV have been significantly reconfiguring the junction of the A446 Stonebridge Road and A452 Chester Road near Birmingham Business Park to facilitate the construction of a box structure (bridge) that will take the new railway over the M42. Following the removal of the bridge in 2023 we are preparing to undertake the works for the construction of the new bridge, in order to prepare for these works we have to install new streetlight columns and remove pile caps currently underground.

## When we will be working

In order to complete the works safely we will require lane closures on the M42 in both directions as well as a closure of the M6 Junction 4 link road, there will be a clear signed diversion route for the slip road closure that will direct motorists southbound on the A446 to Stonebridge Island where motorists will take the third exit onto the westbound A45 and join the M42 Junction 6 roundabout where motorists can continue their journey. This work will take place from January 8<sup>th</sup> until January 19<sup>th</sup>, weekend nights only, between the hours of 9pm and 5am.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## Duration of works

Night works on the M42 in both directions between Jan 8 – Jan 19. Works will take place between 9pm and 5am.

## What to expect

Low level of noise following our work.

Slightly longer journey times for road users exiting the M6 north onto M6 south - allow 10 minutes.

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
