

UPDATE -Notice of road closure and lane closure on East Way – A45 Bickenhill

January 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

UPDATE-

We previously contacted you to advise that this work will start on 8 January 2024. BBV work very closely with National Highway who are also working in this location. To avoid the impact of consecutive closures in this area we now intend to start our works on 15 January 2024.

The work we will be doing

The new railway will pass under the A45 as it approaches the new interchange station. This requires significant work to the road and its adjoining slip road known as 'East Way'. Before these works can take place, a number of utilities need to be moved and diverted to make sure that our works do not have an impact on the supply.

To do this safely we will need to close part of the East Way overnight, every night for five weeks beginning on 15 January until 17 February between 8pm and 6am. A signed diversion will be in place (see map below). There will also be a lane closure on the A45 for safety purposes. To ease congestion when there are major events at the NEC, HS2 and their contractors BBV may temporarily suspend these works.

Location Plan

Duration of works

Every night for five weeks beginning on 15 January until 17 February between 8pm and 6am

What to expect
