

Sewer lining works on A40 Western Avenue

January 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Park Royal Road West Works

From **Saturday 20 to Sunday 21 January 2024**, we will be carrying out overnight works to install a temporary pipe which will allow the existing sewer pipe to be redirected. These works are in preparation of the main sewer lining works to strengthen and protect the existing sewage structure during HS2 tunnelling works.

These works will take place during two overnight shifts between 6pm and 6am.

The main sewer lining works will take place in February 2024.

Your utility services will not be affected during these works.

How this might affect you

To ensure the safety of the public and our staff, the following temporary traffic measure will be in place on the A40 Western Avenue:

- Overnight closure of lane 1 and 2 on the Eastbound Carriageway during our working hours

You can see the temporary traffic management phases on page 2.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
