Update: Notice of gas diversion works on West Gate

January 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

West Gate gas diversion

In October 2023 we informed you about the phased utility works in the West Gate area.

Following our recent ground assessments of the area, we need to upgrade and divert the gas mains to strengthen and protect them ahead of tunnelling works.

From 20 to 26 January 2024, the works will take place overnight between 7pm and 5am.

From 29 January to 24 February 2024, the works will take place between 8am and 8pm.

How will this affect you

We'll need to make temporary changes on West Gate to ensure the safety of the public and our staff.

From 20 January to 24 February 2024, there will be traffic management in place. This will include a footpath closure, lane closures and parking bay suspensions.

We will use noise reducing barriers where possible to help minimise any noise disruption to the local community, working as efficiently as possible whilst keeping our work areas safe and tidy.

Please refer to our maps on the next two pages for each phase of the traffic management plan
