January 2024 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain.

## Concrete pours

Until late March, we will be pouring concrete at the Adelaide Road Shaft and Headhouse site to create the base slab for the future headhouse.

**The main pours will take place on six separate days, approximately one day every two weeks, until the end of March 2024.** The specific dates are subject to change.

## How will this affect you?

You may see additional vehicles entering and leaving the site on days when the concrete pour is happening. The concrete pump will be visible above the hoarding line. This work is not expected to be noisy.
