

Road closure: A453 Sutton Road and Drayton Lane

January 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

Our works

We will be creating a temporary diversion on the A453 Sutton Road, to allow for future construction works, and to enable the A453 Sutton Road to pass over the new railway.

To enable the safe and efficient delivery of these works, we require overnight closures of A453 Sutton Road and Drayton Lane.

Our works include: resurfacing, connecting the existing road to the temporary diversion and line painting.

When the work will take place

- 12 February to 31 March, Monday to Friday between 8.00pm to 6.00am - apart from:

 - **24hr weekend closure** 15 March to 18 March, starting at 8:00pm and ending at 6:00am.
 - **During the above closures Drayton Lane will not be accessible from A453 Sutton Road.**

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
