The work we will be doing

We will be undertaking utility diversion works along Crackley Lane. To prepare for the utility diversion we will:

- Complete trial hole surveys to detect and identify existing services and utilities.
- Install utility ducting to facilitate the utility diversion.

To complete this work safely, we will install traffic management on Crackley Lane between Blind Lane, Cryfield Grange Road and South Hurst Farm.

Installing utility ducting from 4 March to 1 April 2024

A full road closure will be installed 24 hours a day to deliver these works.

A signed diversion route will be in place during the closures and access to all properties will be maintained.
