# Notice of traffic management, A422, Westbury

February 2024 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. You can sign up for regular updates in your local area at [www.hs2inbucksandox.co.uk](http://www.hs2inbucksandox.co.uk).

## What are we doing?

Our teams will be carrying out utility diversions for an Anglian water main along the A422. These diversions are required to facilitate the construction of the new A422 Overbridge that will carry traffic over the new HS2 railway.

To do this safely, we will introduce temporary traffic management on the A422 in the form of two-way traffic lights.

We will be monitoring the timing of the lights as well as the traffic flow on the A422. Where practical, we will make improvements and adjustments to the lights as required.

Once the new A422 Overbridge is constructed, these utilities will be permanently rediverted across the bridge. The permanent diversions of these utilities are expected to be carried out in 2025.

## When will these works take place?

A section of the A422 will have off-peak traffic management for approximately one week from Monday 19 February 2024, between 9am and 3pm.

Where works allow, we will remove traffic management when it is not required.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**
