

Update: Utility works on Eastcote Lane, Northolt

June 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. You can sign up for regular updates in your local area at www.hs2inbrentandealing.co.uk

What we are doing

We wrote to you in May to update you on our utility protection works on Eastcote Lane. These works started in July 2023 and were due to be completed by 14 June 2024. During these works additional excavation was required and this caused a delay. We are now **due for completion by 28 June 2024**.

We are finalising our works and starting to backfill all the trenches. Following this we will tarmac the road and remove our site equipment.

We will continue to work seven days a week, with less disruptive works taking place after 1pm on Saturdays and on Sundays.

Bus routes using Eastcote Lane bridge will continue to be diverted via Mandeville Road.

We would like to apologise for any disruption or inconvenience the extension of these works may cause. Every effort is being taken to ensure that these works are carried out in the least impactful way. We will ensure that disruption is kept to a minimum.

How these works might affect you

We will be using excavators and an excavation vacuum lorry to remove waste material. We expect that these works will create some noise. We will be using noise reducing barriers to minimise disruption and will limit the use of the excavation vacuum as much as possible. Every effort will be made to carry out the noisiest work in the middle of the day.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help.

Residents' Charter and Commissioner

The Residents' Charter is our promise to communicate as clearly as we possibly can with people who live along or near the HS2 route.
www.gov.uk/government/publications/hs2-residents-charter

We also have an independent Residents' Commissioner whose job is to make sure we keep to the promises we make in the Charter and to keep it under constant review. Find reports at:
