

**Work between Euston Station
and Primrose Hill tunnels**

Community Relations
1st Floor
One Eversholt Street
London NW1 2DN

2024

Area reference: LEC1 – 0m 00yds to 2m 0029yds

Dear neighbour,

Notification about railway work in the Euston Station area:

Work is continuing to bring some of the projects for High Speed 2 (HS2) in the Euston area to a safe stop, whilst other vital work that needs to continue in preparation for HS2 will continue. To keep our staff safe, we may need to work at times that cause the least disruption to train services and passengers which can include weeknights and weekends. We're sorry if our work disturbs you and we will make every effort to reduce disturbance where we can. We'll put noise barriers up where it is safe to do so, use silenced generators and have continuous noise monitoring to ensure that noise levels are kept within agreed limits. Our staff will also be regularly briefed on the importance of working responsibly in the local community.

If any of our plans change, we'll advise you via the **HS2 in Camden** website. Please sign up to receive news alerts at: www.HS2inCamden.co.uk

How you can contact us:

If you have any queries about our work, please telephone our 24-hour national helpline on **03457 11 41 41** and we will be happy to help you. To help us identify the location of the work and provide you with a timely response, please quote the area reference shown at the start of this letter. You can also email NRHS2@networkrail.co.uk.

Kind regards,

A handwritten signature in black ink, appearing to read 'Myall Hornsby'.

Myall Hornsby
Community Relations Executive
Network Rail (HS2 enabling work)

***Please note – there is no planned work for area B & G**

Other work in your area:

Throughout April – May, SCS JV will be preparing to pause works from June 2024. This will involve removal of large machinery and securing the site.

MDjv work to construct a new power substation for London Underground (adjacent to Stephenson Way) is ongoing until 2026.

Work to open a new interim taxi rank in Euston's eastern gardens area continues and is expected to open this year. Further communication about the open date will be issued at a later date.

Details of all the work happening in the Euston area can be found online – you can scan the QR code on the right or visit <https://bit.ly/NRupdatesHS2inCamden>

SCS and MDjv will continue to provide residents with advance notice of construction impacts before they begin works.

Network Rail will continue to do planned maintenance work overnight on sections of the railway, due to the nature of this work it would be impractical to notify residents of every piece of work we do. We do send notifications of major work.

If you have any queries about the HS2 construction work, please contact the HS2 helpdesk, which is available 24 hours a day, on **08081 434 434** or email HS2enquiries@hs2.org.uk
