

Update: Hampstead Road utility diversion works

September 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Hampstead Road temporary utilities diversion update

We previously informed you about our programme to divert utilities on Hampstead Road between Granby Terrace bridge and Varndell Street. We are carrying out this work in phases with varying traffic management for each. See table on page 2.

We are currently working within the traffic management set-up in the northern section, near Granby terrace bridge. See map with details on page 2.

Varndell Street closure – 14 October 2024 to May 2025

We will begin work in the southern section on Hampstead Road, near Varndell Street, on 14 October. We will close Varndell Street until May 2025 for our utility work. Vehicle access will be maintained via William Road and Robert Street.

From 7 to 15 October, as part of our utility work, we will remove a section of hoarding in front of Cartmel. We will replace it with temporary fencing to ensure we have enough space to complete our work. We will also narrow the northbound lane on Hampstead Road while maintaining two-way traffic. We apologise for any inconvenience this may cause.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>
