

Update: Adelaide Road site programme

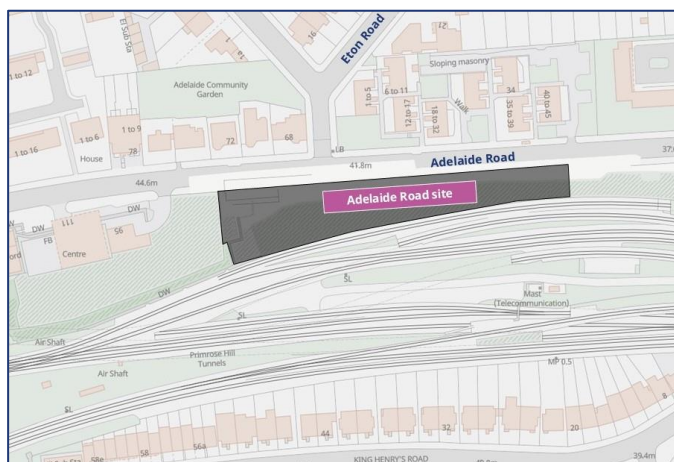

March 2025 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

Programme update

Works at the Adelaide Road Ventilation Shaft and Headhouse site were brought to a 'safe stop' in May 2024, with the expectation that works would not resume until spring 2025. However, as part of a recent and ongoing review of the construction programme by HS2, we do not now expect works to resume in 2025. Our shaft and headhouse site at Adelaide Road will remain in a 'safe stop'.

We will be holding an Adelaide Road Ventilation Shaft and Headhouse information event in May 2025 regarding the programme review and other works in your area. Invitations and details for this will be sent in the next few weeks for local people to attend and ask questions.

What to expect on-site

The hoarding will remain in place, and there will be 24-hour security. No site activities will take place other than monitoring, design and maintenance works at times.

Welfare facilities at our Adelaide Road site may be used during certain periods, however we will notify the local community in advance of this.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
