

Notice of traffic management, A413 near Nash Lee roundabout

May 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In summer 2024 we will be carrying out a utility diversion in the Nash Lee area. To facilitate these works, we will be doing a survey of the existing utilities on the verges of the A413 by the Nash Lee roundabout.

Our survey equipment will operate along the verges of the A413. We may need to do some intermittent grass cutting and localised de-vegetation works along the verges to allow our equipment to sense the underlying utilities.

In order to minimise the impact of these operations, these works will take place between 8:30pm and 5:30am. To facilitate this lane closure, we will have multiway traffic lights at the Nash Lee Roundabout. The layby on the A413 will be closed during the lane closure.

To protect the safety of our team working close to the carriageway, we will close either the southbound or northbound lane of the A413 during the operation.

When will these works take place?

- **Monday 20 May – Friday 24 May (8:30pm – 5:30am)**
- **Contingency day Friday night to Saturday morning 25 May (8:30pm – 5:30am)**

These dates are subject to change due to circumstances beyond our control but will be completed in or around the anticipated time schedules. Should we finish the works early, the narrowed lanes will be removed.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
