

Notice of road closure, Truggist Lane – Balsall Common/Berkswell

May 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. Balfour Beatty VINCI (BBV) is working in partnership with HS2 Ltd to build the new high-speed railway in your area.

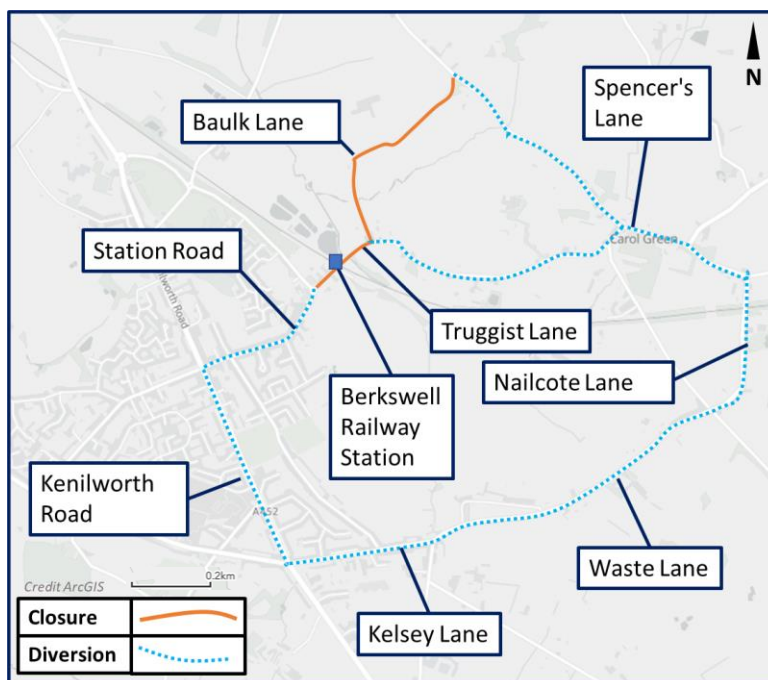

The work we will be doing

The new railway will pass over Truggist Lane and Bayleys Brook on an elevated structure known as a viaduct. Either side of Truggist Lane will be one of the viaducts piers that are supported by pile foundations. In March we closed Truggist Lane to construct the pile foundation using a rotary piling machine to excavate the earth, insert reinforcements and fill with concrete. We now need to install 'sheet piling' next to the road. Sheet piling enables us to work close to the road without destabilising the carriageway.

In order to do this safely we will need to close the road on 14 June from 9am until 3pm, then from 17 June until 21 June from 9am until 3pm each day. A fully signed diversion will be in place.

Please note that it is a requirement that when Truggist Lane is closed Baulk Lane must also be closed.

Location plan

Duration of works

The road will be closed on 14 June from 9am until 3pm, then from 17 June until 21 June from 9am until 3pm each day.

What to expect

This installation works will be heard – Noise levels will be monitored.

Longer journey times following diversion - Allow 5 minutes.
