

# Updated notice of works on Bromford Drive, Birmingham

May 2024 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. HS2's contractor Balfour Beatty VINCI (BBV) is constructing 90km of HS2 between Long Itchington in Warwickshire to the centre of Birmingham and on to Staffordshire.

## We have extended our works

We contacted you in May providing you with details of ground investigation and survey work taking place on and near Bromford Drive. We have reviewed our work within this area and need additional time to complete it, helping us minimise the level of vegetation clearance. Our new programme dates are:

- **Single lane closure on Bromford Drive and installation of temporary traffic lights (map one): 24 June to 19 July**
- **Footpath closures near Bromford Drive (map two): from 20 May until 28 June.**

## What we will be doing

As we continue our preparation for the construction of the Bromford Tunnel, we will be carrying out preparatory and ground investigation works, which will include drilling. This is to give us an understanding of ground conditions and to help us better plan our upcoming works.

## How you will be impacted

Between **Monday 24 June to Friday 19 July** temporary traffic lights will be installed on a section of Bromford Drive, to enable mobilisation, and demobilisation of equipment. These traffic lights will be put in place for 24 hours a day. There will be welfare facility on Bromford Drive within our working area.

We will need to close some sections of the footpath near Bromford Drive, to ensure the safety of the public. We will install closures from **Monday 20 May to Friday 19 July**. In addition to the closure, we will be installing two small cabins for our staff.

Our working hours are still from 8am until 6pm. Our workforce may be on site up to an hour before and after to set up and secure our equipment.

**If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email [hs2enquiries@hs2.org.uk](mailto:hs2enquiries@hs2.org.uk)**

## About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.
