

Notice of road closures, A41 realignment

August 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain, if you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inyourarea.co.uk.

What are we doing?

In September, we will be completing the second phase of our A41 realignment works to connect the road to the newly built roundabout near Waddesdon.

Prior to the realignment works, we will be undertaking utility works on a section of the A41 around Fleet Marston, between Waddesdon and Aylesbury. To carry out these works safely and effectively, the road will be closed for three consecutive nights. This is for reasons of safety, as our operatives will be working on and around the carriageway.

For our realignment works, the road will be closed between Waddesdon Hill and Waddesdon for 24 hours on three weekends in September, with one contingency weekend in October.

Access to properties along the A41 will be maintained throughout all closures.

When will these works take place?

- **Overnight road closures:**
 - **Friday 6 September – Monday 9 September, 8:30pm – 5:30am**
- **24-hour road closures:**
 - **Friday 13 September 8:30pm – Monday 16 September 5:30am**
 - **Friday 20 September 8:30pm – Monday 23 September 5:30am**
 - **Friday 27 September 8:30pm – Monday 30 September 5:30am**
 - **Friday 4 October 8:30pm – Monday 7 October 5:30am (contingency weekend)**

These dates are subject to change due to ground conditions but will be completed in or around the anticipated time schedules.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Where will the road closure be located and what is the diversion route?

The map below, shows the location of the overnight road closure between Friday 6 September – Monday 9 September.

The second map below highlights the diversion route for the road closure. When planning diversion routes, we have to allow for the use of like for like roads for all traffic users. This is to avoid sending vehicles down inappropriate routes for their size.
