

Utility works at Ampthill Estate

August 2024 | www.hs2.org.uk

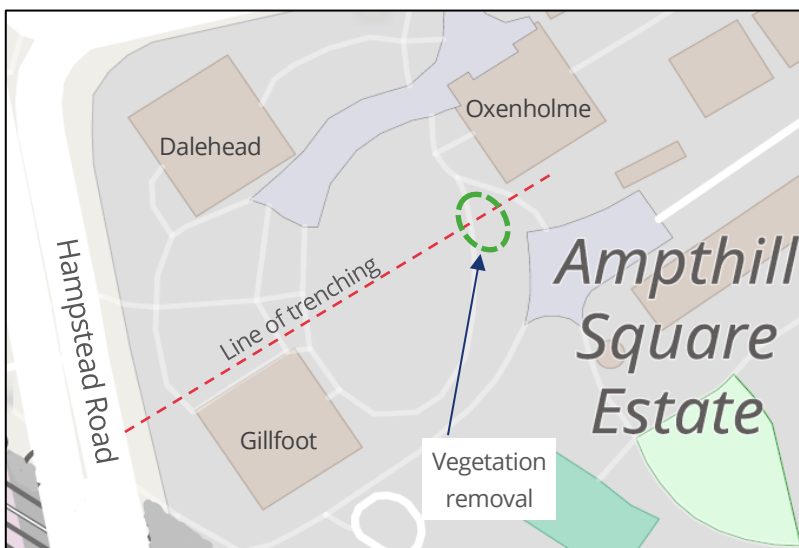

High Speed Two (HS2) is the new high speed railway for Britain.

We are installing a new power cable route from Lidlington Place to Varndell Street to replace the existing route across the railway and through Ampthill Estate. As part of this work, we will install two new connections from Hampstead Road to the substations at the bottom of Gillfoot and Oxenholme. This is to maintain the power supply to the buildings when the old route is removed.

We will carry out this work from 16 September to 11 October. We will work in sections to hand dig a trench, lay ducts and break out concrete where required. Each section will be returned to its current condition before we move on to the next. We also need to remove a small section of vegetation next to Oxenholme to carry out this work. We will reinstate this at the earliest opportunity following completion of the works.

We will maintain pedestrian access at all times with diversions around the work site. We do not expect this work to affect your current utility service.

We expect some of this work to be noisy. We apologise in advance for any disturbance this may cause.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation
