This work is to enable further preparation for the installation of the Coleshill Box structure.

### How you will be affected

Notification

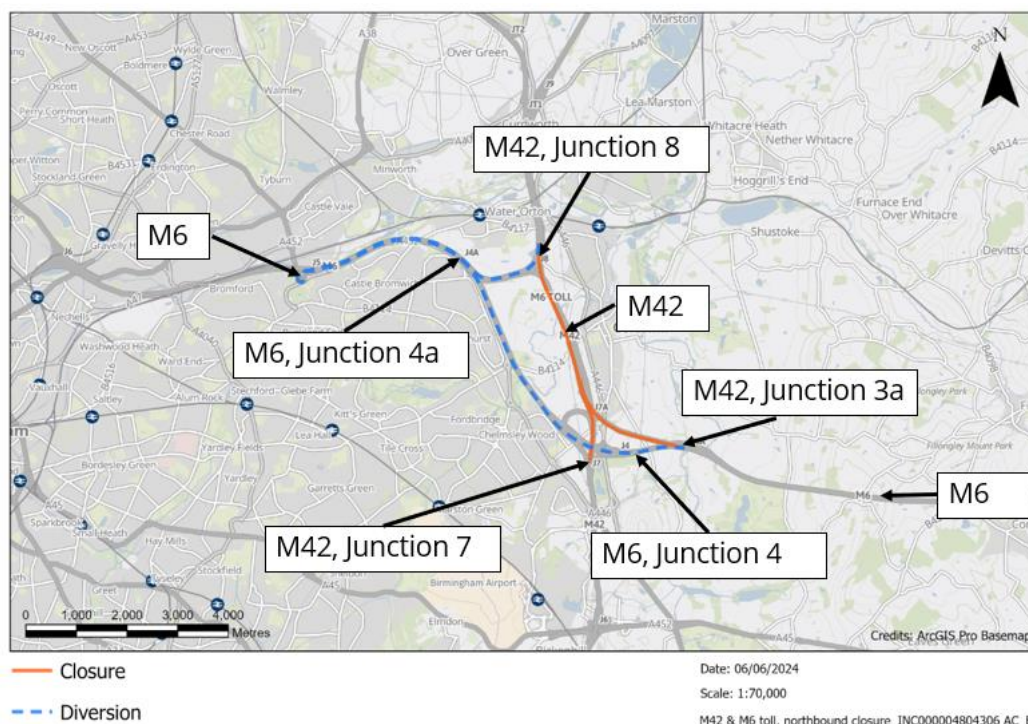

## Traffic management map one: M42 northbound and M6 Toll connector road closure and diversion route

The M42 northbound between junction 7 and junction 8, and the M6 Toll Road connector road from M6 northbound at junction 3a to M42 northbound will be closed overnight from 9pm on Saturday 14 September to 5am on Sunday 15 September.

We will be providing clearly signed diversion routes for those affected by the closure. This will entail the following, as also indicated on the below map.

Road users travelling northbound on M6 Toll should continue on M6 to junction 5, exiting the motorway and rejoining the southbound carriageway, using junction 4a to travel on the M42/M6 eastbound link road to join M42 and continue onto M6 Toll.

Road users travelling northbound on the M42 will be diverted onto the M6 junction 4 up to junction 5, exiting the motorway and rejoining the southbound carriageway, using junction 4a to travel on the M42/M6 eastbound link road to join M42 where the diversion ends.

## Traffic management map two: M42 and M6 Toll southbound closures and diversion route

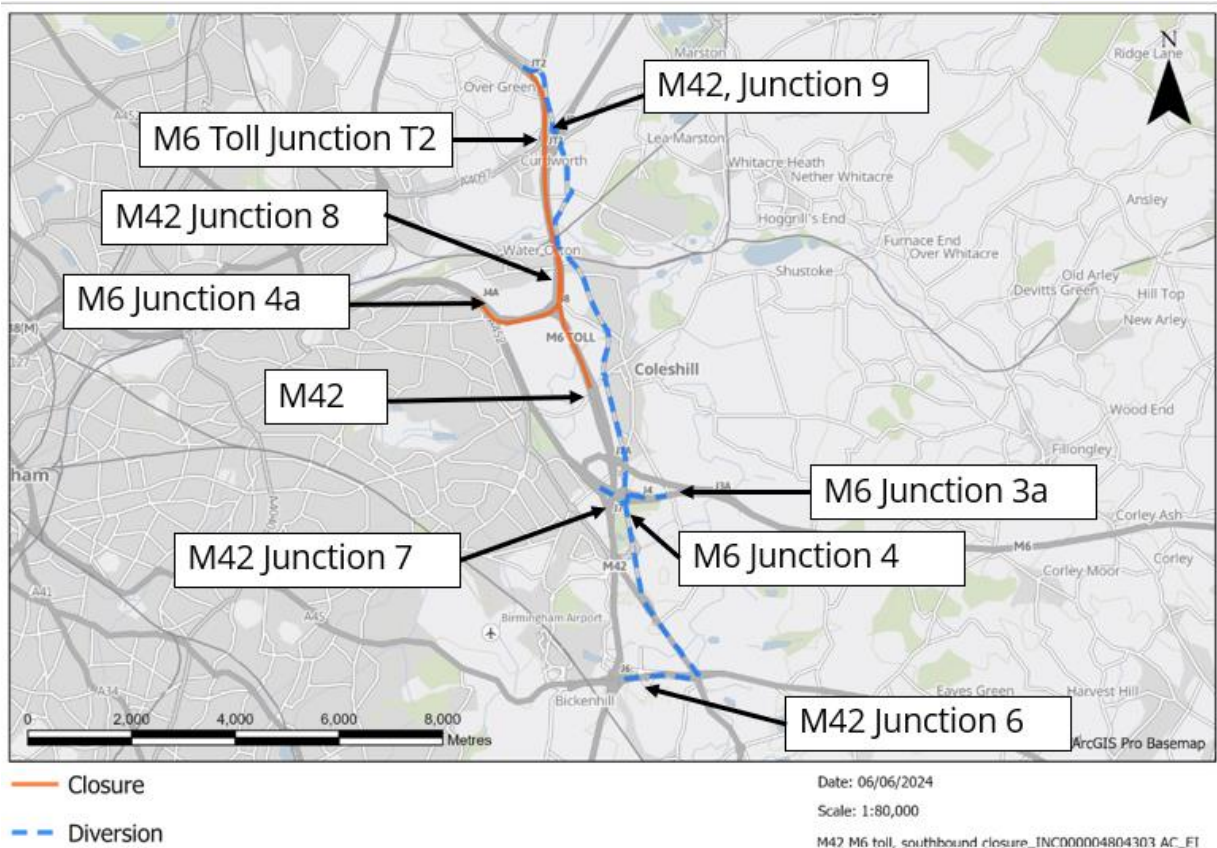

We will be closing the M42 southbound, between junction 9 and junction 7, as well as the M6 Toll southbound at junction T2.

During the closure, there will be a clearly signed diversion route for those affected by the closure, and which is detailed on the map below.

Road users travelling on the M6 Toll southbound exit at Junction T2 onto the A446 Lichfield Road (A4091 to M42 junction 9). For road users travelling on the M42 southbound, they will leave at junction 9 A446 Lichfield Road southbound.

Both diversions will travel along A446 Stonebridge Road southbound. At M6 junction 4, road users intending to use M6 are able to rejoin. For road users, travelling on the M42, they should continue on the A452 Chester Road southbound, onto the A45 Coventry Road westbound until they reach the M42 junction 6 where the diversion ends.
