

Update: overnight weekend works at Granby Terrace bridge – October 2024

High Speed Two (HS2) is the new high speed railway for Britain.

Overnight works at Granby Terrace bridge – from 12 October 2024

We are currently working to extend Granby Terrace bridge. We previously informed you we would need to work occasionally at weekends and at night to complete this work.

- We will work overnight, from 9pm Saturday to 12pm Sunday, every weekend in October from 12 October.
- We will work extended hours, from 8am to 5pm, on two non-consecutive Saturdays each month. The dates for these will change each month but we will not work two weekends in a row.

For safety, we can only carry out this work when the tracks below are not in use. We will limit all noisy works to before 1pm and monitor noise levels closely to ensure we are working within the approved limits.

Overnight works at track level in Camden Cutting - 5 to 6 October 2024

We need to install new fences between our work site in Camden Cutting and the Network Rail tracks on Saturday 5 October. This will take place between midnight and 5am.

For safety, we can only install these fences when the tracks below are not in use. We do not expect these works to be noisy. Again, we will monitor noise levels closely to ensure we are working within the approved limits.

We apologise for any disruption these works may cause.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email HS2enquiries@hs2.org.uk
