

Notice of weekend road closures, A423, Southam

September 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. If you have any questions or enquiries about our work, please contact our Helpdesk to find out more. You can sign up for regular updates in your local area at www.hs2inwarwickshire.co.uk.

What are we doing?

EKFB are preparing for the permanent realignment of the A423 Banbury Road overbridge which will take traffic over the HS2 railway line.

As part of these preparations some vegetation removal is required. Due to the location of this work close to the highway, and to carry out this work safely, there will be some weekend daytime closures of a section of the A423.

In addition, we are building new drainage culverts near the highway and installing a support method called sheet piling. This involves driving interlocking metal sheets into the ground, to create a strong retaining wall between the structure and the highway. An increase in noise may be experienced while this work is carried out.

When will these works take place?

A section of the A423 Banbury Road between Ladbrooke and Southam will be closed, from 8.30am to 5.30pm on:

- Saturday 21 September and Sunday 22 September 2024
- Saturday 28 September and Sunday 29 September 2024

These dates may be subject to change, due to circumstances outside of our control, such as poor weather.

This work is subject to local authority consents and approvals.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk
