

# Notice of works on Curzon Street

October 2024 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. Mace Dragados is the Construction Partner building the new HS2 station in Birmingham.

## New vehicle and workforce gate on Curzon Street

To support our piling works on site we will be making temporary changes to vehicle movements entering and leaving site on Curzon Street. We will operate a single lane one way entrance and exit on Curzon Street for vehicles.

We will continue using Gate 1 as our main entrance for deliveries and will use a new Gate 3 situated on New Canal Street, close to the Woodman pub. Also, we will install an additional workforce access gate on New Canal Street near the Woodman Pub. This adjustment is necessary to facilitate our piling works near the historic Curzon Street building.

## When will this take place?

Monday, 21 October 2024

## What to expect?

- Single lane vehicle restrictions at Gate 1
- Single lane vehicle restrictions at Gate 3
- Workforce new access on Curzon Street

### The new proposed Gate 3 for vehicle exiting the site on Curzon Street

To enhance safety and manage traffic effectively, a line of barriers will be set up along the kerb line adjacent to the Woodman pub. This barrier will extend from the hoarding line on New Canal Street up to the access point at the northwest corner of New Canal Street and Curzon Street.

### The new proposed access Gate for the workforce on New Canal Street

A boot wash will be installed at this gate for the workforce with heavily soiled boots to clean them. This will avoid site mud being walked onto footpaths.

We recognise that construction work can be disruptive to those living or working nearby. The nature of our work often means some disturbance is unavoidable, but every effort is made to minimise any unnecessary disturbance.
