

Works update: Greenpark Way Ventilation Shaft and Headhouse

October 2024 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain.

You can sign up for updates about works in your area at www.hs2.org.uk/brent-and-ealing.

What we are doing

From **mid-October to 24 December 2024**, we will be undertaking the following works within the Greenpark Way Ventilation Shaft and Headhouse site:

- Waterproofing and lining within ventilation shafts*
- Removing and installing machinery, equipment and materials
- Relocating services and site access road
- Building and installing gantry crane foundations and gantry crane

*Activities within the shaft will take place during a 24/7 shift pattern while other activities will take place during core working hours.

How will these works affect you?

We do not expect the above works to cause any major disruption, however you may hear additional noise from the relocation of services and site access road, as well as gantry crane works.

We will put the following mitigation measures in place to reduce disruption:

- Noise and vibration monitors
- Dust suppression
- Noisier works to take place during core working hours
- Brief contractors to use best practical methods when carrying out activities to reduce any disruption

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Duration of works

24 hour shift pattern, 7 days a week from mid-October to 24 December 2024

Core working hours

Monday to Friday – 8am to 6pm

Saturday – 8am to 1pm

What to expect

You may notice additional noise from some works during this period and from vehicle movements to and from site

What we will do

Monitor noise, dust and vibration levels

Use best practical working methods

Provide updates at HS2.org.uk/in-your-area/.

About our Community and Business Funds

We are offering two funds that are available to local communities and businesses between the West Midlands and London, to help with the disruption caused by our construction work. These are the Community and Environment Fund (CEF) and the Business and Local Economy Fund (BLEF).

The CEF is designed to give communities the opportunity to share in the benefits of HS2. It is an allocated fund that communities are able to apply for, to help to support local projects that aim to improve their local area.

The BLEF is designed to support local economies that may be disrupted by the construction of HS2. BLEF grants are for local business support organisations and local authorities to help maintain business activity in local communities.

For more information about each of these funds, including how to apply, please visit: <https://www.groundwork.org.uk/hs2funds>

Keeping you informed

We are committed to keeping you informed about work on HS2. This includes ensuring you know what to expect and when to expect it, as well as how we can help you.

The Residents' Commissioner

The independent Residents' Commissioner oversees and monitors our commitments to you.

The commissioner's reports and our responses can be found at www.gov.uk/government/collections/hs2-ltd-residents-commissioner

The Residents' Commissioner makes sure we fulfil the commitments in the HS2 Community Engagement Strategy (<https://bit.ly/3oOA25j>).

The Residents' Commissioner can be contacted on: residentscommissioner@hs2.org.uk

Construction Commissioner

The independent Construction Commissioner regularly meets our Chief Executive Officer to raise any concerns or emerging trends across HS2.

The Construction Commissioner's role has been developed to monitor the way we manage and respond to construction complaints.

The commissioner mediates on disputes about construction, involving individuals and organisations, that we can't resolve. The commissioner advises members of the public about how to make a complaint about construction.

The Construction Commissioner can be contacted on: complaints@hs2-cc.org.uk

Property and compensation
